

All Done

I watched Carrie walk down the hall to the bathroom, her ass swinging side to side. She knew I was watching her.

Carrie called for me to come to the shower - she needed her back washed really good and asked me to join her...join her I did, in more ways than one. I was so horny from not coming the night before that when I washed her back my erect cock slid between her cheeks. Carrie dropped the soap and I tried to push my cock into her cunt...it kept missing and then she reached up and helped it glide in. She was really hot. She stood up and it popped out and she shut off the shower. Soaking wet we headed to the bedroom and I mounted her from behind. She screamed with pleasure grinding her ass into my stomach and my cock going deeper into her. It didn't last long as we were both screaming and I came out shooting my load all over her back. Laying there exhausted she told me I wasted that come...she wanted it in her mouth. It was now 2 o'clock and we had to leave in a couple of hours. What a memorable weekend.

We packed our suitcases and put them in the car. Carrie suggested we relax before we leave and we sat in the living room. She wished I hadn't wasted my come on her back and suggested we try again as she unzipped my shorts and felt a willing but lazy cock. Not wanting to disappoint her I excused myself and went to the bathroom. Kim and I had that little blue pill for such an occasion. I swallowed it quickly and returned to the living room. We cuddled and decided to go back to the bedroom so anyone walking on the lake beach wouldn't see us.

We were wild fooling around...I had trouble getting her bra off, but not my clothes. We did this for about a half hour. She took my limp cock into her mouth and it began to grow...she was surprised and kept sucking it. I pulled back and went to enter her but her panties were in the way. I ripped them to avoid wasting time and slammed deep into her... again and again for nearly a half hour...we both trembled and she said put your cock in my mouth. She took it deep sucking like I had never been sucked before. When I came it went down her throat but she never missed a beat. When I came out there was a little on her lips and obviously on her tongue...she came up and kissed me and said it was my turn to clean up.

Suddenly we noticed the time...it was nearly six o'clock and my cell phone was ringing. It was Kim saying that she noticed that we hadn't left yet and asked if we had a good time. I asked why she thought we hadn't left yet. She told us to look at the light on the night stand, look on the dresser at the bottom of the bed and at the ceiling light...CAMERA'S placed to see us from every angle.

Hey guys, you really put on a show. By the way, Bob and I thought we knew what you would do and when you did, we did a film of us for you. Carrie was pleasantly shocked that her boyfriend Bob would even consider swinging with another, much less approving her fucking another man.

As we were driving home Carrie told me she was a little guilty about doing another man but now knew we would have a new experience a FOURSOME.
