

Newlywed Blackmailed by blackman part 4

It had been almost 4 months since my encounter with Ben, I had pretty much gotten over feeling guilty about what had happened and had decided to keep it my own little secret and vowed not to do anything like that again and try to be the best wife I could to my husband. Every thing was getting back to normal I had my cell phone number changed and my pubic hair was back to normal so everything seemed to be going ok. I had joined a fitness center where I could workout and keep myself busy, I had also gotten involved in a couple of the church groups to occupy my time. I was very lucky that I didnt have to work since my father had given us a lot of money when we were married these events helped to occupy my time. My parents had just came down to visit me for the weekend and had left on monday morning, I had spent most of monday cleaning the house and doing a few other things. On tuesday morning I went to the fitness center to workout which I do at least 3 times a week my body was beginning to get real toned more than I already was, my parents even complimented me on it when they were down. After I got home I took a bath I wasnt planning on going anywhere else that day so I just put on a pair of shorts and a top that just had spaghetti straps on it something that I only wear around the house. It was early that afternoon I was watching a show on tv when the doorbell rang, not expecting anyone or not knowing who it could be just kinda caught me off guard, thinking it was probably my mother inlaw who drops by from time to time unannounced I didnt bother looking out but went straight to the door and opened it. I was so stunned to see Ben standing there I felt like I was going to faint. I immediately asked him what he was doing here. Frightened and bewildered I didnt know what to do, here I was trying to forget what happened and he shows up at my front door. Ben said are you going to let me in or you just gone let me stand out here where people can see me. Not wanting any of my neighbors to see this black man at my door I let him in but told him he couldnt stay. When Ben walked in he looked at me from my head to my feet and said damn girl you looking real good, he just made himself at home he just walked around and looked at my house, he even looked out into the back yard and comeneted on our gazebo saying damn girl you got a nice place here I kept telling him that he couldnt stay that he had to go but he ignored me and just kept walking from room to room looking at everything when he got to our bedroom he turned to me and said I guess thats where your little white boy husband fucks you aint it. I kept telling him that he had to leave that he promised me that the last time he wouldnt bother me anymore. He said I know but I lied I just couldnt help but think of that nice white ass of yours and by the way you been working out, you looking real good girl you making my dick hard. As we walked back to the living room I pleaded for him to leave. When we got back to the living room Ben turned to me and said you really want me to leave and I said yes. Ben replied well if you will go in the kitchen and fix me something to drink maybe I will. I asked if I fix you something to drink you promise to leave he said yeah ILL leave, so I went into the kitchen to fix him a glass of tea thinking that I was going to get rid of him when I returned to the living room I didnt see Ben anywhere so I called his name he said im right here as I turned Ben came out of the guest bedroom and into the hall and he was totally naked his huge cock was sticking straight out as he walked toward me I said no we are not going to do anything he walked up and took the glass of tea from me and said look bitch you think I came here for a glass of tea, he took a sip of tea and sat the glass down on the end table and said now look here you little white slut if you be nice then just maybe no one will no im here I begged him to please stop that I couldnt do this anymore, he put his hand on the back of my neck and told me to look at his dick, as I looked at it he said now see that, its your fault that my dicks hard like that and you act like you dont want to do nothing about it you shouldnt have let me have none of that little white pussy in the first place now grab my dick bitch as I protested he took my hand and placed it on his cock and said now stroke it girl, stroke my black dick with that little white hand of yours as my hand touched his cock it jumped and Ben said now feel that, its your fault im like this Ben continued to talk dirty to me as he moved my hand up and down his cock, he said you missed my big black dick didnt you slut, I could feel myself getting excited something I didnt want to do. Ben placed his other hand on my shoulder and said now get on your knees as he pushed downward on my shoulder as I got on my knees in front of him he grabbed his cock and pointed it toward my mouth and ordered me to kiss it as he pulled my head towards it. I couldnt believe I was in my own house and this black man had his huge cock out and ordering me to kiss it as I kissed it he said yeah girl thats good now keep that up lick my shaft all the way up, after doing this for a little while he forced me to open my mouth and he slid his dick in my mouth grabbing the back of my head and pushing it to the back of my mouth until it almost gagged me after doing this for 2 to 3 minutes he made me standup and he kissed me telling me I was a good girl by this time I knew I was excited but wasnt sure why I knew that I just didnt want this to happen. about that time Ben said now are you ready to show me that pretty little body bitch and again I tried to protest bur he wasnt buying it. Ben said take off them clothes bitch show me that little body. You been thinking about my dick havent you, you looking good for me aint you as I pulled my shirt up he continued to talk dirty to me calling me a little tramp and said yeah I trained you with my big black dick, as soon as my top was off his hands were all over my titties he felt them and groped them and he sucked on them feeling me through my shorts the whole time. The next thing I knew his hand was down the back of my shorts and he was feeling my ass while he sucked on my titties the next thing I knew he had pulled my shorts and panties down to my ankles as he ordered me to step out of them his hands were feeling my legs on the way back up inching closer to my pussy. He pushed my legs apart and his hand went straight to my pussy as he felt it he said yeah now I know you been missing me, you wet girl, he fondled and fingered me for a couple of minutes until I couldnt stand it anymore and I had an orgasm right in my own living room. After that was over he turned me around and forced me to get on my knees in the chair with my hands on the back of the chair. Ben kept playing with my ass and pussy talking dirty to me until finally he got behind me and I felt the tip of his huge cock on my pussy lips he kept playing and finally started pushing it in me for some reason he seemed harder this time than the times before he fucked me long and hard telling me how good my little ass looked with his big black dick in me he kept touching my asshole until he finally stuck his finger in it his cock felt so huge in me then I had another orgasm and he pulled out and came on my ass. After we were finished I grabbed my clothes and went into the bathroom to clean up after I returned Ben had put his clothes back on he came over to me and kissed me putting his hand on my pussy. Then he said your little white pussy belongs to me you might be married to a little white boy but your ass belongs to me, you like me fucking you and you know it, we will see

each other again ,he then left now I dont know what to expect.The truth is I dont know how to tell this man no when hes around me im not sure how I can stop him.
