

## sex with librarian

Hello friends ,

I am 26 old average looking guy from kerala ,living in bangalore .I am a fun loving person,never miss any opportunity to enjoy sex.Though I have had sex with ladies of different age groups,I never revealed any data about them to my friends,since I always respect their privacy and confidentiality ,after all they all gave their most valued assets to me :) .It all started when I was back in my college during my teenage days ..

In my second year Priyanka (name changed) came to our college as our new librarian .she was good looking,though not a hot girl like u guys say.She had 34 size boobs which was pretty hard. But there was always something in her,which made my cock erect when ever I see her.But I always hide my feelings since I dont know what will be her reaction .I used to smile at her,but she gave me those furious and unresponsive look .But I never lose hope ,kept on smiling at her.She also started smiling one day and asked my name and about my classes.But I was waiting for the big moment,but she never came close to me.

One day,as usual I was asked to get out of class by my teacher,as I had no other place to go during my leisure time, suddenly it struck in my mind that library will be empty ,since there are no library hours before lunch in my college .Suddenly I planned in my mind that I will somehow give priyanka hints about my desire about her .So I went there and saw that she was arranging books in a corner of the library .She was sitting on the floor .I went there giving her impression that I am searching for some books.Oh god ,I saw her sweet cleavage through her churidar and suddenly my cock became hard.She bent further and I saw her round boobs !!! Suddenly she looked up and noticed where I was looking and gave me a stare .I just smiled at her .and didn't leave the spot .I knew I wil never get such an opportunity again..

Sensing that I am not leaving she stood up and began to arrange books in the racks .She was wearing a sleeve less chudi .Whenever she raised her arms,the small hairs of her arm pits were visible and the sweet smell of some deo was peircing my nasal cavities .I was becoming more and more horny.I suddenly moved closer to her and took a book from the upper rack .In the process,I pressed my hard dick in her ass .Her butts was so soft that I couldn't ever imagine such a soft thing in this world.I kept it like that for few seconds and she didnt tell me anything .I sensed this as a positive nod and kept my book back again pressing my dick to her butts .She gave a naughty smile to me .And she just turned pressing her boobs in my elbow .And she told "look students or staffs can come at any time.So lets not do anything silly now".Now I got what she meant.She is okay with whatever I am doing but in private .I said her okay and went outside ,just pressing her boobs with my hands .She moaned beautifully and gave a naughty smile.

Then whenever opportunities came,I used to rub her body parts when there is nobody around.We exchanged our mobile numbers and used to talk till late midnight.She was very horny during our chats and used to talk dirty,but we never got a chance to do anything other than our rubbings .One day it was raining very heavily and suddenly she

called me. I was very surprised that she never called me during day time. She told that she wanted to send some urgent mail and asked whether I can accompany her to some cyber cafe in city. I sensed this as an opportunity and told her yes straight away. We met at the bus stand some 1 km away and took a bus to the city. We didn't sit together as somebody will doubt if they see us sitting together.

&nbsp; &nbsp; We reached city and went to a cyber cafe which was in an un-noticable place. As it was raining nobody was there. We were given a cabin which was closed. We sat very close as the room was very small for two. She was wet as we drenched in the rain and all her dress was sticking to her body. I saw her black sexy bra from wet chudi. I moved a little close to her while she was sending the mail and started feeling her wet hands. She suddenly looked very shyly to me. I moved a little up and placed my hand on her boobs which was very hard. She looked at me and placed a kiss on my lips. And for five minutes she gave the first smooch of my life. Our tongues fought with each other and she was sucking my lips and tongue. I started putting my hands inside her chudi and she moved sideways to let my hands inside. I could feel her bare skin and I somehow managed to put my hands inside her bra and started squeezing her boobs one by one.

&nbsp; She was moaning softly and she was reacting by pressing my already erected cock from outside my trousers. I told her to unzip it but she was reluctant in doing that. I kissed her necks and she moaned again. I then moved one of my hands inside her pants, which was tied by a string. She helped me untie it, but told me not to remove me fully. I moved down and inserted my hands inside her panties and found that it was pouring down there. I told her, priya its raining down there heavier than outside. She gave a pinch in my cock and told, its all because of you naughty boy. I inserted my finger to her wet pussy and it slid in. I started moving it in and out and she started moaning. I kissed her mouth to prevent her moans being heard outside and this made her mood further aroused and now without any request she unzipped my pants and took my cock and started shaking it wildly. I also finger fucked her madly and finally she gave a huge kiss and reached orgasm and her juices to my hand.

&nbsp; I tasted her juices in my fingers and told her it was so sweet. She gave me a kiss in her forehead and told, you tasted mine and now its my turn to return you the favour. She started sucking my cock from top to bottom and started to suck so wildly that now I was unable to control my moans. She asked me suck her neck to keep myself quiet. That was the first ever blow job I got in my life that I can't never forget and that will remain the best ever. Finally I came inside her mouth. She gleefully accepted every drop and sucked all my cum and made it clean. I kissed her lips and sucked her tongue once again and she was wildly kissing me. As it was &nbsp; cyber cafe and we were getting late, we couldn't do anything more and I was sad that we were leaving. But she promised that she will soon find a way for me to fuck her and till that time be patient. I did fuck her at her home when her parents went to a marriage and that repeated for 2 more years till she got married and left my college. I will tell about our first fuck and other things in another story.

&nbsp; &nbsp; That was how I was introduced to this new world of sex. I would like to make new friends and have fun. Any ladies married or unmarried
