

Sharing my wife

An old friend came to stay for the night a short time ago. Although my wife and I have a great sex life and experiment quite a lot, I had never told that my fantasy was three in a bed with her and another man.

After dinner that night, Bob started talking about a story in his local paper about dogging in a car park near to where he lived. This led us to talk about having sex with strangers and to sex fantasies. Tricia asked me what my fantasy was. I thought about telling her but instead said that I occasionally fantasised about being in bed with two women. She said hers was to have sex with another man while I watched. Bob thought for a while and said his was to have sex with Tricia. After a few seconds silence we all laughed and had another glass of wine.

After a while Tricia went to bed leaving us to chat and carry on drinking, no mention was made of the earlier conversation. After some time Tricia appeared at the door wearing a very revealing nightie that I had bought for her and which she only usually wore when we went on holiday or on special occasions. We could both clearly see her nipples and trimmed pubic hair through the sheer material. She complained that we were getting very loud and she couldn't get to sleep and went back to bed.

Bob remarked that I was a lucky man and suggested it was time we called it a night. He went to bed while I cleared up.

When I walked into the bedroom I was surprised to find Bob and Tricia in bed together. Tricia asked me if I was just going to stand there or whether I wanted to join them. I was soon in bed with her and both of us were rubbing our hands over her tits and body and soon started fingering her pussy. She said no, that she wanted me to watch and told me to get out of bed and sit on the chair in the corner. She threw off the sheet and asked me what I wanted them to do. I asked Bob to feel her tits which he did enthusiastically, I felt my dick getting hard and Tricia said she was pleased to see I was enjoying the show. I said I would like her to suck his dick and she was soon at it. I watched as she sucked him deep into her mouth and played with his balls. Tricia then asked if I would like to see him return the favour and soon his head was between her legs and I could see his tongue working away at her clit.

Tricia then asked Bob if he had a condom - we no longer use them since my vasectomy - and he quickly went and got one from his room. Bob lay on his back and Tricia rolled the condom on to his 8 inch cock, a bit bigger than mine I have to admit. I watched as she sat astride him and his cock disappeared into her pussy. I couldn't believe what I was seeing and nearly came myself when they both eventually climaxed.

Tricia then invited me to join them and I was soon fucking her myself while Bob looked on. We both came quite quickly but together.

I must have dropped off to sleep because the next thing I was aware of was the dawn sunshine and I then realised that Bob was again fucking Tricia. When they finished Bob went off for a shower and it was my turn to fuck her, I remarked that I had never known her pussy so wet and was startled when she told me that Bob didn't use a condom the second time. It was a fantastic turn on thinking I was fucking Tricia's pussy full of Bob's cum and I soon found myself adding mine to it.

We were both relieved when her next period arrived on time!
