

my sex slave/sister emily cont....

My sister/sexslave Emily •@ As I walked down to my basement I could hear my thirty-two year old sister Emily crying in her cage. Since it was only her second day of sexual enslavement she was still pretty shaken up so I was going down there to get her used to her new life and •gbreak•h her in. as I approached the cage I said •gdon•ft cry Emily, I love you and I•fm going to take care of you•h while I slapped a folded leather belt on my palm. I opened Emily•fs cage and told her to get out and stay on her knees. Her hands and feet were both cuffed to heavy iron balls with short chains to keep her from running away. Next while she was on her hands and knees sobbing I spat on her and said •gyou are such a piece of shit !•h. then I grabbed her by her hair and smacked her across the face and said •gopen your fucking mouth! It•fs time for you to suck your brother•fs cock you fucking bitch!•h with that I shoved my erection into my sister Emily•fs mouth and forced her to suck it. She was crying as my cock pumped in and out of her mouth so I smacked her and told her to shut the fuck up. After I abused Emily•fs mouth I got her ready for her first party. I had thirty guys pay ten thousand dollars a piece to take turns fucking my sister while she was wearing her wedding dress so I had to have my sister/sex slave Emily ready for her company. Once I had her ready I told Kristen to let the guys in. Kristen opened the door and said •ggo get her guys!•h and everyone stampeded in swearing at, spitting on and smacking my sister Emily. Emily was crying as we beat her with belts and fucked her in the asshole,mouth and cunt. •gyou better learn to love getting fucked like this Emily!•h I said as took a turn fucking my sister•fs hot cunt. Emily did nothing but cry as we ran a train on her and beat her. We all decided we would cum in her asshole then make her blow it out into a big bowl and drink it. Kristen walked into the room with a big glass bowl and stood there with it as we took turns shooting loads into my sister Emily•fs asshole. Once we were all done cumming in my sex slave a few of us held her up while Kristen put the glass bowl under her ass and let everybody•fs semen fall into it. Once all of our cum was out of Emily•fs asshole we forced her to drink all of it from the glass bowl then we put her back in her cage and left her alone in the dark covered in cum, spit and her own tears. A couple of hours later I walked into the room with a hose and washed my sister/sex slave Emily so I could use her for my pleasure. After about fifteen minutes of cold water running over her she was ready to be abused. I opened her cage, dragged her out and ripped off her wedding dress which was still on her from her first •gparty•h and started to fuck her. I was going back and forth between my sister•fs asshole and mouth while my other slave Kristen spanked and slapped her. •gdo you like that Emily ? Do you like it when your little brother fucks you up your asshole and treats you like a whore?•h I said as I fucked her as hard as possible. All she did was cry so I just kept on fucking her and telling her that she is a worthless sex slave piece of shit. After I was done fucking my sister Emily I shot a load in her mouth and Kristen made her swallow it. Then we put the sex slave back in her cage and went and had a nice dinner.
