

old woman next door 4

part 4

It had been about 3 weeks since that great saturday sex with Mary the 65 year old woman next door. For those who haven't read the last 3, Mary is 65, 190 lbs, tits that hang to her navel, and wrinkles all over.

During the last 3 weeks I thought about sex with Mary every day, I just couldn't get away without my wife finding out. It was driving me crazy, I wanted her pussy so badly. Another week went by with no sex at home, I was so horny.

So I made a bold move, I left Mary a note inside her door telling her to be out on her deck at 10:30pm. My wife goes to sleep about 9:30 but does wake up sometimes, but its a chance I had to take.

At 10:30pm I let the dog out and followed, our back yards are connected by a gate in the fence so I slipped in very carefully. The deck was dark but I could see a faint outline. As I approached the deck the image was getting clearer.

Mary walked towards me as I stepped up on the deck, we met and kissed each other, I was delighted as I opened up her robe to find nothing underneath. I dropped down to the deck on my knees to start kissing her pretty pussy. She started moaning and groaning so loud I thought someone might hear. I laid her back on the lounge chair and went to work on her clit, she was biting down on her robe so she wouldn't groan. I licked and sucked her clit till she shot warm juices all over my face.

I then stood up and unzipped my pants to let my hard 5 1/2 inches get free. Mary wasted no time and started stroking my dick, telling me how much she had missed my pretty cock. Mary's talk always gets me so excited, she was telling me that she wanted my pretty cock inside her now. She told me to pick whatever position I wanted to fuck her with. As I was thinking she sat me back and bent down and put my dick between her tits.

She said "here fuck Mary's titties, while you think". She then started talking to my dick, it was so exciting, as she ask "do you want Mary's pussy or do you want to fuck Mary's feet first, you hard pretty cock". Wow, I was so horny now I wanted both. I stood up laid her down on the chair, pulled her feet up around my neck, reach down and slid my hard cock into her warm wet pussy. I wanted to feel Mary's sexy feet against my bare chest, so I stopped pulled my cock out and took the rest of my clothes off. The whole time Mary was begging me to put my cock back in her.

After getting my clothes off, Mary grabbed my underwear and put them in her mouth and told me to fuck the hell out of her pussyy. With that said, I grabbed her feet and put them around my neck again, slid my rock hard 5 1/2 inches back into her warm wet pussyy. Mary let out a grunt of pleasure, I told her she was going to have to be quiet or someone was going to hear us. She promised to keep quiet, as I began to suck her toes, while slowly pumping my cock in and out. I suck each and every toe as I pumped my hard cock into that great pussy. My eyes was just adjusted to the dark that I could see her body good in the dim light from the street lights. She had one foot flat on my chest rubbing it, while I sucked on her other foot.

This was heaven on earth, my balls were so swollen from the cum that was building up. I continued to pump slowed, with Mary tring to get me to fuck her hard. After about ten minutes of pure pleasure Mary managed to get both feet up in my face as I took turns licking both of them. Mary taking the underwear from her mouth, begging me to fuck her hard and fill her pussy. I made her promise to be more quiet if I did.

I pulled Mary up and bent her over the hand rail of the deck, slid in behind her and slipped my cock into her pussy. She back up on it hard, I took that as a hint and grabbed that huge ass and hips she had and started fucking her with all my might. This proved to be very loud, but I wasn't going to stop now. I fucked her hard for about two minutes when I told her I was about to cum.

She pulled away with that said pushed me back to the lounge again, and told me that I was going to fuck her mouth and fill it with cum. She bent over and starting sucking for all she was worth. I grabbed her head on both side and was helping her by thrusting her head up and down my shaft. About 1 minute later I was shooting loads of hot cum down Mary's throat. She could not handle all the cum I had built up over the last 3 weeks, but she kept sucking. This was the best sex of my life. I told Mary to finish up so I could eat her pussy some more.....look for part 5
