

The Kinky Cruise

Chapter One

It was a beautiful day in Jerome, Idaho, sunny, with a light breeze. Alex had just returned home from work in the city. Living on a golf course, and the sun not going down until about ten, he'd planned to play nine before dinner. Ally also worked in the city, but she'd been home for about an hour before Alex got home. Opening the mail she had discovered an invitation to a dinner party but had no idea who the hosts were. Hearing a noise in the kitchen, she yelled out, "Did you see the dinner invitation on the coffee table?"

"No. Whose it from?"

"I have no idea, look and see, it's the Harts, whoever they are ?"

The invitation was first class in appearance, with the following information: Alex and Ally Hamilton are cordially invited "to party" at Jim and Mary Harts at 21 Lilac Lane, Twin Falls Id. Cocktails at 7pm followed by a buffet dinner, RSVP to 555-1122.

Neither of them knew Jim and Mary Hart, but free food and drink was a welcomed invitation. Calling the RSVP number, which was answered by a computer message and a touch tone response was required. After entering the numbers requested for a positive response, the date was confirmed for a night of mucky-muck entertainment.

The invitation was excepted for next Friday, what about this Friday. Being spouses of previous dysfunctional marriages, Ally and Alex had developed a sexual ritual for Friday evenings referred to as "Kinky Night ". Setting aside one night a week, usually Friday, and alternated the responsibility of preparing a sexual adventure, to experiment with. This particular week it was Ally's turn.

Understand that in both previous marriages sex was not a big player. When discovering each other, five years ago, learned that sex together was wonderful and exciting. Since the marriage they felt reborn sexually ! In order to experiment with activities that they'd read or heard about, set aside one special night a week referred to as "KINKY NIGHT". The only rule was they would try anything once and try it together.

Asking Ally if she had anything planned for Friday, Alex was rewarded with a positive response. Last weekend it had been Alex's turn and he introduced bondage. Reading Stephen King's "Gerald's Game", Ally was somewhat apprehensive about being tied up, but her reaction to the oral and vibrating arousal was climatic.

Alex had read an article about "What men want in bed!" According to the five page article, oral sex was number one. The article said that even with men's desire for oral sex, women didn't enjoy doing it, they felt degraded. The first five minutes of his relationship with Ally making love to his dick, Alex received more oral pleasure than in his years of previous marriage. Alex knew he was blessed with a woman who not only gave head, she loved doing it ! He knew that regardless of her plans for Friday night a part would be oral sex.

Not wanting to leave the impression that they were some kind of sexual deviates, both had professional careers, college educated, grown children, and lived in a golf community. The wildest activity they engage in was watching adult video's or making their own sex tapes. They had learned several things they'd tried from the movies. The whip and pain experiment was a disaster, one hard hit and pain was not their thing. They been in the adult stores purchasing lotions, vibrators, and toys, not to mention a few sexy outfits for Ally. In other words they weren't foreign to erotic idea's and enjoyed discovering new sexual adventures.

Kinky was not the predominate sexual activity. Every morning and night they usually made love. There wasn't anything more important to them than making love. The lust was saved for special occasions.

Tonight is Thursday, and here comes Ally walking down the hallway in front of Alex. She is dressed in a blue and white Victoria Secret silk robe. Kneeling, in front of the recliner, removing his stiffening dick, she applies her oral talent upon him. Sliding her silky lips up and down his entire shaft, the feeling of pleasurable warmth fills his body. Shortly, a feeling of pending climax is felt. She increases her aggression and with a hands stroking his shaft, one massaging his balls, she sucks him off ! Swallowing every drop and continuing to suck him dry, she stops and asked,

"Was that good Babe ?"

"Fantastic !"

Shortly afterwards they retire to bed.

Thank god it's Friday !

It's Friday and Alex is on his way home from work. Aside from the fact it's Kinky Night, Ally has prepared a baby back rib dinner. The house is immaculate, everything in it's place, and Ally sits down to have her first cocktail and await Alex's arrival. Alex goes directly to the bedroom to change into his robe. He never noticed the items laid out on the nightstand. A drink, smoke, and conversation start the evening out right.

During the consumption of a great meal Ally asked if Alex was ready for Kinky night ? He could tell by her excitement she had something real kinky planned.

Walking up to Alex seated in the recliner she presented the first part of her plan. A blindfold was placed so he couldn't see. In darkness, she removed his robe exciting him with her lips, tongue and roaming hands. After exciting his senses she lead him down the hallway to the bedroom. Instructing him to lay down, she tied him spread eagle to the bed. It was a submissive feeling being tied to the bed unable to move. He could hear her arranging something on the nightstand, suddenly he felt a cold sensation on his nipples ! Ally was rubbing ice cubes on them ! The cold feeling was dramatic.

The feeling went from cold to freezing cold. He wanted to grab his nipples and warm them but he couldn't move. He shouldn't have wished for heat because Ally applied wintergreen oil to his nipples ! If you have never experienced wintergreen before, it's really hot ! The more you massage it in, the hotter it gets ! Alex's nipples were on fire ! He begged her to stop, but she paid no attention to his begging. Each time he thought his nipples would burn off his chest, cold would return. Hot, cold, hot, cold, she switched the arousal back-and-forth. As radical as the feeling was, it was nothing compared to what she did next !

With his tits still on fire, the cold changed to his exposed balls ! Knowing what was coming next he begged her not to, but she could of cared less. Packing his balls in ice, the cold was unreal to Alex, sending shivers through his body. With his balls trying to find escape from the cold she rubbed wintergreen oil on them ! Suddenly he needed to find away to stop the flames coming from his balls the heat was horrific. He strained, twisted, and turned trying to free himself to comfort his flaming balls. Ally paid no attention to his begging and packed his balls in ice again. Hot, cold , hot, cold his nuts were the focal point of his life and he cried for relief. Suddenly a warm pleasurable feeling was felt on his dick. Ally was deep throating him. Sucking him to full erection she climb on and began to ride. The abundance of wintergreen oil was transferred to her pussy. Attempting to dismount Alex grabbed her ass and kept her penetrated.

She struggled to free herself from the heat building on her pussy but Alex was keeping her dismounting. The fire between their legs caused them to fuck wildly. The fucking was ruff and climatic. When Alex finally released her from his grasp, they both ran to the bath the shower and get the heat removed from their crotches. Even with the aggressive washing the heat remained past sleep. The lesson learned was no more wintergreen oil applied ever to their dick, balls, or cunt !

Chapter Two

The Weekend Party

Wednesday, Ally with her inquisitive mind drove by the address where the invitation originated. Her description was interesting, it was a big house behind a gated entrance. The grounds looked magnificent, and she was excited we were going.

The week was uneventful and before you knew it Friday was here. As they dressed they talked about what they thought the evening would be like. A first class dinner party was the idea and they were excited to be going. The decision was to arrive about eight which was not to early and not to late. Hopefully, they would meet someone there they knew.

The gates were open when they arrived at the home. The impression one got from driving in on their tiled driveway was they were rich ! The valet that greeted us was polite and in uniform. He welcomed Ally to the party as she exited the car.

Once inside, in the foyer we were again greeted this time by our hosts The Harts. Surprisingly, they were dressed in perio's. Offering a tour of the house Ally accepted and were shown the entire layout. It was extremely impressive.

The twenty foot ceilings, the solid wooden floors, and furniture to die for was impressive. The last stop on the tour was the pool house where we were given a perio each and instructed to change.

Properly attired, we joined the group of guests poolside. Checking around to see if they recognized anyone, they took a seat at a table near the far end of the pool. A white coated waiter came and took drink orders and shortly afterwards another couple joined them. Ally didn't say much until she learned that Meg and Ted had no idea either who invited them or who the Harts were.

The four of us took advantage of the free drinks and fabulous orderes. Learning that Meg and Ted had only been in town for six months, and that they had similar

Interests made the coming to the party worth it. Ted was the owner of a chip factory, their children were away at school, and they moved here from Ca. They had an excellent time with them.

Meg and Ally hit it off from the start. They talked about restaurants, stores, movies, books, etc. Ted and Alex discussed golf, sports and the pleasure of being away from the big city. Together they were enjoying meeting new friends.

The closer it got to the ten o'clock dinner hour, more people arrived. Not one of the four of them recognized a single person. It was comfortable that everyone was dressed the same except color.

The buffet opened and the spread was spectacular. Lobster, clams, shrimp, crab, beef, pork, chicken, everything you could possibly want. The four were enjoying a fabulous meal when Meg interrupted, "Don't move. Slowly look behind you." Not knowing what to expect Alex slowly turned and not five feet away were three nude people in the pool. Checking out the rest of the area he noticed most if not all the people in the water were nude. "Oh, my god !" "What is it", he thought looking back at the trio in the pool. The woman was being held up by one guy and fucked by the other. Looking back over the rest of the pool the reality set in, they were at a swinging party !

They may have been individually shocked but they remained checking out all the action until Meg suggested they leave. The four went to get their belongings from the pool house and departed to obtain their valet parked cars. While waiting Ted and Meg invited them for a drink at their home, Ally accepted because she liked Meg and wanted to become friends.

Ted and Meg's house was Ca. style with the high ceilings and large great room. Ally went a tour with Meg while Ted and Alex went out back to share a drink and smoke which Ted had suggested. Discussing the situation they'd just witnessed with ladies naked all over the place. The more they smoked the cruder they became. After a good laugh they rejoined the girls in the living area.

The big question was how did we all get invited to a swingers party ? We ruled out any type encounter because we hadn't engaged in such activities. We ruled out stores, especially the adult ones, The only common thread was a movie rental place They'd both used. By process of elimination they agreed the movie rental service "Adult Delight" had to be the source of their invite.

With the subject of adult films out in the open, Ted opened the large cabinet containing a number of collected x-rated movies.

Pointing out their favorites, Alex noticed a private collection titled "Ted & Meg". When Ally saw the private collection she said, " We've got a collection too !" After a few minutes of laughter Meg asked what their most interesting location was having sex ? Ally told them about the sex had all over Stanley, Id. Meg related an encounter in a booth at a bar in Ca. Ally said, "you win, we haven't done it in public yet."

The evening ended with an invitation to play golf and dine next weekend.

Making new friends is not one of Alex and Ally's tributes so it was nice that Ted and Meg took the lead in setting up activities each week for the group to do. There was plenty of golf, dinners, and conversations. The ladies got things going after a luncheon conversation. They had discussed multiple partner sex and how their husbands always wanted to participate. The girls won't say who came up with the idea but instead of switching spouses, they wanted to exchange tapes. The idea was welcomed by all.

The tape exchange took place over the next couple of months. They each watched the other have sex in all kinds of situations. Another luncheon and the subject of an actual switch took place. Because the town was so small and everybody knew what everybody was doing, Meg suggested if they were going to swing, they should be discrete and take a cruise together. Ally agreed completely. The idea was expressed to each husband with the other spouse being the originator of the idea. Listening to the girls explain their idea was fun in and of itself. They all agreed that if swapping was in the cards it would be smart to do it on a cruise. The girls were in charge of making all the arrangements and were to report in a week. Ted and Alex didn't believe that their wives would actually plan such a terrific trip. They were both thrilled when the news of the trip was announced. Three weeks from this day, they'd depart on an adventurous cruise.

Each get together, after the trip had been planned, it was difficult to keep the boys from wanting to throw out the cruise and just fuck. The girls kept the anticipation erotic and before they knew it was time to leave !

Everyone was excited with the concept that each day would be different, with different combinations of partners. Even the flight to the port was fun with Ally sitting with Ted and Meg with Alex.

Chapter Three

Day One

The group had waited three weeks for this adventure. The excitement of multiple partner sex was exquisite. On several occasions during the wait, the discussion of canceling the cruise came up and having sex without the trip. Fortunately, cooler heads prevailed and they were about to enjoy the cruise of a life-time. The knowledge of the pending cruise created a climate of anticipation that made their sexual activities more exciting as they waited to sail. Finally they were standing in line waiting to be assigned cabins.

Arriving at the cabins the excitement built. The rooms were large staterooms, side-by-side, with a balcony on the stern of the ship upper deck. The room itself had a king size bed with a couch, chair, and private bath. There was a wet bar and the walls were mirrored. In short, the rooms were perfect.

The first activity was signing up for late breakfast and early dinner. A couple of free welcome aboard drinks and they returned to the cabin to unpack. Opening the large suitcase Alex found toys, lotions, vibrators, and a number of Ally's favorite sexy outfits which thrilled him no end, knowing this would be the cruise of a lifetime ! Ally noticed him eyeing the contents and ordered him out on the balcony to take in the view.

Standing out on the balcony he thought about the up coming sex with Meg. Over the past few weeks all they'd talked and thought about was kinky sex with Ted and Meg and now it was going to happen ! Soon they were all out enjoying the view. There was a nervous excitement in the air as the anticipation grew toward their sexual adventure. The girls decided they wanted to tour the ship's shop's. Before leaving the boys had another hit, and made the first stop the pool bar for another welcome aboard drink. The ship was a floating hotel with all the services you could dream of including a large casino ! After walking the promenade deck, looking in all the duty free shops, they headed back to the cabin to relax before dinner, they had the first seating. Out on the balcony they watched the ship leave the port. As the sunset directly behind them Ally suggested they get off to dinner ASAP. Their assigned table was for four in front of a large bay window, behind a post, which gave them a little privacy in the huge main dining room. The service was outstanding, and when Meg told the waiter (Miguel) that the group was on a "Kinky Cruise" he became the most talkative individual on the ship. He said the most romantic place on the ship was the sun deck above the upper pool area. The view of the star's was spectacular from there. The food was so good it was sinful. The evening show was a meet the crew, tours and events, welcome aboard, showcase. It motivate the group to sign up for two shopping sprees, deep sea fishing and a beach picnic. Returning to the cabins, they laid out on the balcony on the double wide lounge chairs. The night sky and slow motion of the ship soon turned the viewers to doers, making out with their spouse romantically.

Disrupting the silence were the sounds of someone making love. Meg got up and walked over to the rail, signaling us to join her upon the discovery of the couple in the cabin below us fucking on their balcony. The group all hung over the rail watching the erotic action. The couple were doing it on a towel on the deck outside their cabin. They watched until the couple finished then gave them a round of applause. Waving to their audience they disappeared inside. Returning to their respective lounge chairs the girls took over the action by both positioning themselves between their spouses

legs and giving head. Alex watch Meg suck Ted's dick and Ted watched Ally suck Alex's. Several erotic minutes of great dual cock sucking and the boys together switched places with their spouses and began eating pussy ! The women were a lot more vocal than the men. Meg started with, "Oh, is that good ! Eat that pussy !"

Ally followed with, "Yes ! Oh, yes ! Etc." The oral stimulation lasted until both wives had cum. Again, in unison the boys mounted their wives, fucked hard and fast for about three and climaxed in their cunts. The four satisfied friends remained cuddled for awhile before Meg and Ted said goodnight and left for their cabin.

Just before falling off to sleep Ally asked Alex if he was ready for tomorrow's big day ! Alex replied, "I'm looking forward to watching you fuck Ted." Ally answered him, "I'm looking forward to it also !" they fell off to sleep.

Chapter Four

Day Two

The morning sun came through the sliding glass door waking Alex. Glancing over at Ally he could tell she wasn't ready to get up as yet and quietly went out onto the balcony. Leaning on the railing he began to think about the up coming day. Images of Ally being fucked by Ted passed through his thought process. Meg's body was also a fixture in his mind. All the bawdy joking about their kinky cruise brought a smile to his face. He sat enjoying the warm sun on his body and fantasizing about the days possibilities.

Returning to the cabin to make coffee he tried to be quiet. Suddenly Ally sat up in bed, "Today's the day !" she smiled.

"It sure is ! Are you ready ?" he asked.

"I've never been readier !"

Alex dropped his robe and joined Ally in bed. "Are you going to fuck Ted today ?" he seduced.

"You bet your sweet ass I am !"

They fooled around kissing and petting for about a half hour when the cabin phone interrupted them.

"Meg and Ted are ready to go for breakfast" Ally announced getting up to dress. "I told them we join them in the dinning room."

Together at the breakfast table the Kinky Cruise took it's first step, Meg sat with Alex and Ally was with Ted. Miguel came with juice and coffee . Meg thanked him for the sun deck suggestion. He looked at the arrangement of couples but didn't say anything. Meg got his full attention saying "We've switched partners today." Miguel got a huge smile on his face and began to offer information about the day's shopping spree.

Ted took the lead by expressing what he and Meg thought the rules should be for the day. "Stay with your new partner until the day is declared over or 2am occurred. Any and all sex would be conducted with everyone present unless agreed otherwise. Lastly, make sure the video camera is on to record the event for future viewing when we got home.

While Ted was explaining the rules, Meg's hand found Alex's crotch under the table. Listening to the message Ted was describing Meg leaned over and whispered to Alex, "I want to fuck you !"

"You sexy bitch, I want you too." he replied.

Ted couldn't help notice Meg's advances toward Alex and began to seduce Ally as well. With both couples making out and feeling each other under the table Miguel returned and broke the news, "The shopping tour starts in fifteen minutes." Casually the group straightened their attire and left for the buses waiting dockside. Like kids going on a field trip they grabbed the rear seats for the tour. Sitting across from one another on the bus, they began to warm-up their new partners with tender kisses and hugs. At each stop the girls would go into the stores and the boys would remain outside talking. On the bus they would make out like teenagers and seduce each other with promises of things to come. Meg had Alex going nuts with her open desire to fuck his balls off!

Ally had convinced Ted she'd suck his balls out of his dick !

The entire group wanted to get back to the ship. The three hour tour was over and the excitement grew as the bus arrived back dockside.

One of the neat things they discovered on their walk the first day was a small fast food restaurant that served hamburgers and dogs. They grabbed a sandwich and headed for the private balcony to eat.

"You two can sit here and make out, Alex and I are going into the bedroom and fuck !" Meg announced.

"When did you get so brave ?" Ted asked.

"When I saw your hand between Ally's legs !" she laughed.

Leaving the two love birds on the balcony, Meg and Alex left for the bedroom. Standing, facing each other at the foot of the bed they undressed and kissed lustfully. Alex laid Meg gently on the bed, positioning himself between her legs.

"Oh, are you good !" she gasp as his tongue caressed her clit. Remembering what Ted had told him about Meg liking it sensual and slow, he ate her into massive climax. Ally was sitting on Ted's lap at the table on the balcony with his erection buried in her cunt.

"God, I've wanted that !" she said as he sank to the depths of her pussy.

"Shit, are you tight !" he gasp as Ally squeezed her pussy snugly around his big dick.

Inside Alex was eating Meg into submission with his fingers fucking her cunt and asshole.

" Oh, god, I'm cumming !" she gasp as the waves of climax ripped through her body. Alex ceased his oral aggression and switched to penetrating her

with his dick !

"Oh, yes, fuck me !" she begged as Alex began to hump.

Ted had a hold of Ally's fabulous ass as she ground her cunt hard against his dick.

"Fuck me bitch, fuck me !etc." he coaxed. She moved like a whore in heat attacking his cock as to rip it off with her cunt.

"Jesus, Alex, can you fuck ! I love it ! What a great dick !!"

Meg was getting exactly what she wanted, a good hard fuck!

Alex wanted to fuck her for hours but he knew his climax was close.

"Do you want me to cum in you or on you?" he asked humping faster and faster.

" In me, fill me !" she answered.

"Here it cums !!" he gasp releasing a giant load of hot, white, cum !

"Yes, oh god yes !" she welcomed the huge ejaculation.

Ally could hear Meg cumming and joined her on Ted's dick.

"Oh, Ted, yes ! Oh I'm cumming !" she collapsed into his arms. Ted erupted with her, filling her with a giant load of his own.

The first ever multiple partner sex experience had been a tremendous success. All four participants had achieved their individual goals with pleasurable climaxes.

Meg, after a short recovery went out on the balcony joining the other couple.

"God, can your husband fuck, Ally !" she began her information sharing.

"So can yours !"

"I haven't cum like that in years!" Ted added.

"Neither have I !" Alex said exiting the bedroom onto the balcony.

The initial encounter had been a terrific success. The entire group was excited with the results. Since it was only early afternoon the group decided to put on swim suits and go up to the upper deck pool. Seated around the crowded pool Ted got the afternoon conversation going with, "I haven't had that much fun since high school !"

"I know what you mean, it made me feel young !"

"You felt like a teenager on me ! Ted joked to Ally.

The temperature was warm enough to force them into the pool. Gathering together in a corner the sexual comments were non-stop.

"Alex and I have to be the luckiest men on this ship. Compared to that guy's woman below our balcony, we've got the hottest broads on board."

"The only body I've seen that looks real good is Miguel's !"

"Miguel couldn't keep his eyes off you two at breakfast."

"Especially after Meg told him we'd swapped partners !"

"Do you think Miguel fools around ?" Ally questioned.

"Hey, remember the rules, sex only with the group."

"Miguel's part of our group, he's our waiter."

"Okay girls, you win, you can have him." Alex gave in.

"Who do we get, Alex ?" Ted asked. "If they get Miguel."

"We get both of them 24/7 !"

"That doesn't leave Miguel much time, does it ?"

"Isn't that the couple you two were just talking about ? The ones below us." Meg asked pointing to a couple floating together just across the pool.

"Hi, how are you doing ?" Alex called out getting their attention. The couple recognized us, the ones watching them from the upper balcony. Floating over to join us they introduced themselves. "Yes, we're the crazy's below you."

The group laughed. Delores and Bill were on their second honeymoon. Celebrating their tenth year of marriage. Asking our reason for the cruise Meg answered, "We're all here on our first Kinky Cruise. Today, Alex and I are partners, tomorrow Both Ted and Alex are mine !"

"You guys are swingers ?" Delores asked.

"This is the first time for all of us." Meg replied.

"We've never done it, what's it like ?" she asked.

"So far it's an absolute blast. We were just saying that we felt like teenagers again."

"Can I buy you guys a round of drinks to celebrate !"

The group cheered Bill on.

"This is a great conversational pool, but there are too many people around to do much more than talk."

"Is that what you two were trying to do over there ?" Ally questioned.

"Could you tell ?" Delores asked.

"Not really, except you were very close together."

"Bill is crazy, he likes doing it when there's a chance of getting caught."

"Hey, don't blame it on me, you like it too !" he smiled.

"Why don't we form a circle and you two can do it the middle ?" Meg suggested.

"What do you say D ?" he asked and Delores floated into his arms and into the center of the circle.

They could see his hands on her ass as Bill guided his woman up and down his shaft. The waves grew in size as they began to fuck faster. Without much verbalization, a lot of moaning Bill climaxed in Delores's cunt. She kept humping him until his erection limped and slipped out of her cunt. Smiling from ear to ear they asked "Who's next in the middle."

Meg grabbed Alex, pulling him into the center of the circle. With his swim suit down around his knees, Meg slipped hers down, wrapped her legs around Alex's body lowering her pussy onto his erect dick ! Following a similar routine Alex guided Megs pussy up and down his shaft until he filled her with cum. Unlike Bill and Delores, Meg and Alex were vocal.

"Fuck me ! Oh, that's good ! Yes !etc." were non-stop until Alex climaxed. Ally and Ted were next. Ted, like each male had done took her ass and helped her up and down his mighty shaft. She cried "Yes !" a few times and he gasp "That's so good !" over and over before they joined the satisfied group.

It was time to head back to the rooms. Bill and Delores were invited to join them for cocktails on the balcony. The ladies took there usual 45 minutes to dress and the gang reassembled on the balcony.

"I don't know how you do it ? I know I'd enjoy having sex with your husband, but I don't think I could take watching you and Bill ." Delores informed Meg. Meg answered by explaining how they had met at an adult party, became friends, swapped video tapes and planned the Kinky Cruise. As far as being able to watch her husband and Ally have sex, it was only sex, nothing more, just a fun physical activity.

Bill, Alex and Ted stood together laughing about sexual subjects, and the girls sat planning an agenda for the evening.

The men had no idea that the girls planned to come back to the room and let Bill and Delores watch them screw each other's spouse. If they enjoyed what they saw, they'd be welcomed to join in ! Because of the table assignments the six did not get back together until after the first show. A walk around the deck to relax and back to the cabin all six went.

The ladies undressed and put on silk robes. The laughter coming from the cabin was reassuring that everyone was having a great time and anticipating the erotic evening.

Ted, who listening to the conversation between Alex and Bill, was seduced from the group by Ally who'd slid her hand into his pocket and grabbed his dick.

"Did you find something you wanted in there ?" he smiled.

Ally got up on her toes and whispered in his ear, "I want to suck your cock !"

Ted stepped back from the conversation and took Ally in his arms. A hot make out session and off to the bedroom they went.

"You have a beautiful cock !" she praised taking his cock in hand. Kissing, licking, and sucking the engorged head, "You taste good too !" she seduced. Ted reached down between his legs and grabbed Ally's tits, squeezing them. Ally responded with moans of pleasure.

Massaging her breasts, gave her the idea of massaging his balls. Together they enhanced the lustful pleasure of the oral performance.

Ally's cock sucking reached new heights when she began to deep throat Ted's cock.

"Oh, fuck, that's good !" he praised as she deep throat him.

"Suck him off girl !" Meg coaxed as she left to get Alex. Delores remained watching the erotic scene.

Bill became lost for words when Meg got between them on the balcony, dropped to her knees and took Alex's boner into her mouth.

"God, can you suck cock !" he gasp as Meg engulfed his entire cock. Bill took a step back to watch.

Like most men Alex loved his cock being sucked and Meg was truly good at it. She sucked his balls into her mouth which gave him a tremendous sense of arousal. He placed his hands on the back of Meg's head forcing her to deep throat him. She didn't flinch as his eight inch dick sank to the depths of her throat. A large taste of Alex's pre-cum and Meg stopped sucking and took Alex to the bedroom.

Ally was spread eagle on the king size bed with Ted eating her pulsating pussy. Meg laid down next to her inviting Alex to eat !

Together Alex and Ted ate their partners toward powerful, satisfying, climax. Exciting them from clit to asshole, double fingering in both cunt and ass, the resulting eruptions were both glorious and powerful.

During the double oral performance Bill and Delores became so horny they were on the floor fucking.

With the ladies still trying to catch their breath, both men mounted their evening's partner. Ted, with his hands full of Ally's ass, pounded her pussy like a wild mountain man. She screamed with delight as he hammered her hard and deep !

"Oh, yes ! Fuck me !etc." she begged with his cock slamming into her sensitive pussy.

Alex had placed Megs legs over his shoulders and was pounding her ramrod style.

"Fuck it ! Fuck that cunt ! Fuck me !etc." Meg begged.

Alex pounded her for all he was worth. The sound of their bodies crashing together was enhanced by the abundance of wetness between their legs.

The first to climax was Bill, on the floor with Delores. Next Alex emptied into Meg and topping it off Ted, all over Ally's body, covering her from tits to tummy with cum !

"I'm going out on the balcony for a hit !" Alex said breaking the silence in the bedroom.

"I'll join you." Ted followed, with Bill right behind. Delores joined the girls on the bed.

"You got quite a cum bath !" Meg, pointed to the drying pools of cum on Ally's body.

"I know, Ted came in quarts !"

"Your Alex filled me !" she smiled.

The guys out on the balcony were having the same type conversation. "What a fuck ! Tight pussy ! Moving cunt !etc."

About a half hour of smoking and drinking and the girls joined the guys on the balcony.

"Anyone ready to go again?" Meg and Ally laughed.

"Not me. I'm done. You almost killed me." Ted warned.

"What about you Alex ?" Meg asked.

"Give me at least another hour. I'm pooped !"

The six conducted a series of conversations about the up coming days. Tomorrow was another first, Ally was going to join Meg and Ted in an all day threesome !

Chapter Five

Day Three

Another perfect day greeted Alex as he rose to the sun on the balcony. Ally looked so innocent lying in bed under the covers. He thought about all the sex they had experienced in just one day. He realized looking at her that it was a bigger turn on to watch her fuck then to fuck himself. Seeing another man ejaculate into his wife's cunt actually caused him to cum himself. He was looking forward to the days arrangement with Ted having both women to enjoy.

Ally slowly came back to life. "What time is it ?" she asked sitting up in the bed. "It's early, the sun woke me. I'm going out on the balcony and have coffee." he replied exiting the room.

On the balcony he had to look over the edge to see if his new friends Bill and Delores were up to anything. Unfortunately, they weren't. Relaxing on the lounge chair he fell off into sexy daydreams.

"What are you moaning about ?" broke the morning silence. Ally stood robed watching Alex lost in thought.

"I was thinking about you fucking Ted !"

"God, what a day we had. I'd say our experience was great! Do you feel guilty about doing it ?"

"Not at all. I'm looking forward to watching you three today!"

"Anybody home?" Ted's voice was heard at the cabin door.

"We're on the balcony, there's coffee made on the wet bar." Ted and Meg joined them coffee's in hand.

"Meg and I were just talking about our adventure yesterday and had to ask you if your impression was the same as ours."

"What was your impression ?" Ally asked.

"It was the most fun we've had since high school !"

"It really excited me watching Meg and Alex . I didn't know how I'd react watching my wife fucked. But it turned out to be a blast !"

"I had the same feeling. Watching Ally and you was the most exciting thing I'd ever witnessed. Today you get both women. I get to take video of it."

"I think we should go down to breakfast. Do you want to call Bill and Delores to join us ?"

The couple below was pleased they invited them to join the swinging group to start the day. Seated at a table Miguel got for the six of us, Delores began the discussion of the days events.

"Are you guys going on the shopping spree this morning?"

The table immediately broke into two groups the girls talking about shopping and the boys sex ! Meg and Ally sat on either side of Ted so they could arouse him under the table.

All through breakfast Ted was the recipient of a dual hand job. When it was time to leave the table, Ted had to wait until he could get his dick back in his shorts before joining the group at the bus.

On the trip to the first stop, the girls sat next to Ted kissing him and rubbing their bodies against his. While the ladies shopped, the gentlemen gathered together in a group enjoying the surroundings, smoking a little pot and drinking.

Between stop one and two, Ted got a blowjob from Ally who sucked him off and dry, swallowing every drop. Between stops three and four, Meg gave him head with a twist she'd not preformed before. She swallowed !

"That's a first !" Ted acknowledged.

"If Ally can do it, so can I. Like she said it tastes good !"

Ted's information during the ladies spree at the perfume shop was entertaining to say the least. He proudly told the group that his wife now swallowed.

The Kinky Cruise had given her the courage, watching Ally, that it wasn't degrading to swallow, and he loved it !

The two horny ladies did everything but fuck him on the bus during the shopping spree. Ted looked forward to a break in the non-stop foreplay he'd been the recipient of all morning.

Lunch was served poolside and the gang enjoy a long playful lunch.

Alex left the group to purchase booze at the duty free store and videotape blanks because he was running low. Opening the cabin door he was faced with an erotic scene. Ted was lying on the bed with Meg on his cock riding wildly, and Ally sitting on his face being eaten ! They must have been doing it awhile because by the time he got the camera going, they were cumming ! It was extremely erotic watching both women cumming on either Ted's cock or tongue.

Alex waited for the participants to join him on the balcony. One at a time they appeared. Ally came out first with a smile from ear to ear.

"I see you came on his tongue !" Alex confronted Ally.

"I came on his dick two ! Before you got there !" she smiled.

Ted joined them. "Holyshit ! They're going to kill me !" he laughed.

"Yeah, but you'll die with a smile on your face." Meg said following him outside.

The four friends sat talking for about an hour discussing anything and everything. They were all pleased that the sex had been as exciting as it had. Overall they were amazed at the fact they could talk about it openly and do it wherever and whenever they wanted without jealousy or guilt.

The ship left port about 4pm. The movement and the warm sun coupled with the booze and pot, Meg and Alex fell asleep in the lounge chairs.

Ted had been totally up front with Alex telling him how much Ally turned him on. He took Alex's response to his confession "You can fuck her anytime she wants it. You have my consent.", to heart, inviting Ally to join him while their spouses slept. On the king size bed Ted caressed Ally passionately removing her clothing. Like Ted, she wanted to fuck his lights out. There was something about the way his dick fit in her cunt that excited a "G" spot deep inside. When Ted finished eating her and buried his dick deep in her cunt, she maneuvered in such a way to excite her "G" spot and waves of climax soon followed.

"Oh, Ted I love your cock !" she purred.

"I love your tight pussy !" he responded.

This particular sexual encounter was mostly romantic in nature. Both Ted and Ally enjoyed the tender style of love making. The missionary position was the primary used. Ally's only deviation was wrapping her legs around Ted's butt as he humped and ground his body into hers. They fucked for about twenty minutes before enjoying a satisfying orgasm.

Returning to relax on the lounge chairs where their spouses were still dreaming, Ted approached Meg, spread her legs gently, positioned himself between, and began to eat her slowly. Ally kneeled behind him squeezing and rubbing his still cum leaking dick.

"Oh, yes !" Meg praised as she woke. Ted continued to eat slowly. "Oh fuck Honey, that's good !"

Ted increased the tongue lashing and added penetrating digits in her asshole and pussy. The slow tender application had become aggressive and ruff. Meg's body twisted and turned as Ted fingered and licked her to earth shattering climax.

The sunset as three cruisers attempted to get enough energy to get dressed and go to dinner. The meal, as expected, was spectacular. Miguel made the evening even more fun with his bawdy jokes, great service, and suggestions for the late night buffet. The Evening Show was entertaining, very humorous, leaving the patrons laughing. Ted, Ally, and Meg had entertainment idea's of their own as they walked with arms around each other back to the cabin.

Nobody in the group of friends expected the happenings that evening would change their beliefs in what was acceptable sexual activity.

Out on the balcony the drinks flowed and pot was consumed in great quantizes. The ladies had changed into sexy teddy's and were warming up to Ted. With his hands on their asses and theirs on his, they stood at the railing making out. Once an erection had been achieved, the trio moved to the bedroom.

Ally sat on his face, Meg sucked his dick. The trio was on their way to an explosive night.

Ted was living a life long fantasy, two hot, sexy, women, at the same time. He ate one pussy than another while his cock was being sucked into climatic heaven.

The lips on his dick changed to hot humping pussy, and the pussy on his tongue turned around to face the pussy on his dick.

Alex's jaw dropped to his chest when his wife, riding Ted's cock, grabbed Meg, who was being eaten, and gave her a passionate French kiss !

Returning the lustful passion, resulted in them falling off Ted, in each others arms, enjoying a lesbian moment.

Neither woman had ever entertained the idea of lesbian sex. At that moment, at that time, they were into an arousal that stimulated their bodies in ways not known to either of them. Ally told Alex that she could never do it with another woman. There she was eating and finger fucking Meg to climax.

The only sex out of marriage for Meg was Alex, she'd learned to swallow cum and eat pussy on her first Kinky Cruise!

Alex and Ted watched as their wives gave an erotic lesbian performance . Ally ate and fingered Meg into a leg lifting, loud screaming, primal orgasm.

In turn, Meg did the same to Ally. When the event concluded the girls acted as if they did it on a regular basis. The guys just seemed to like to watch.

"What are you looking at ?" Meg asked with Ted staring at her.

"The two most beautiful, sexy, women in the world !" he answered.

"It didn't bother you ?"

"Why should it ? I thought it was hot !"

"Did you think it was hot too ? Babe." Alex agreed totally.

Ted told Alex on the balcony that he'd like to fuck Ally one more time before the evening was over. Alex said it was okay with him. Neither said much about the girls performances other than they enjoyed it. Later that night when Alex and Meg went for a walk, Ted seduced Ally back into bed.

Absolutely loving the way Ted ate pussy Ally couldn't wait to get him back between her legs. Spreading her pussy lips apart, he caressed her clit with his tongue.

"Oh, your so good !" she moaned.

"Your cunt is delicious !"

"Eat me Ted, eat me !" she coaxed.

Sliding a finger into her ass, "Do you like that ?" he asked.

"Yes !" she acknowledged.

"Would you like my dick in there ?" he seduced.

"Oh, yes ! Take me up the ass !" she requested.

Ted kept her on her back, lifted her legs way up, and penetrated her asshole !

"Oh god, your big !"

"Is it okay ?" He questioned.

"Yes, fuck it !" she demanded.

Ted braced himself to hammer her ass. With long strokes he began to pound away and she loved every stroke praising his efforts.

Ally had been fuck in the ass maybe five times in the last seven years . Her ass was extremely tight, and squeezing the little sphincter muscle caused Ted to explode. His sex for the night left him totally exhausted.

Alex and Meg got back to see them lying pooped on the bed, not able to move from climatic exhaustion. Allowing their spouses to recover they went out on the balcony.

Meg became very seductive rubbing up against Alex and stroking his growing erection.

"Would you like some pussy ?" she teased. Alex took her into his arms and gave her a passionate wet kiss. Throwing their clothing off, they fucked on the lounge chair. Alex never stopped kissing her until after he climaxed in her cunt. Meg responded to his sensual love making by cumming in quarts herself.

The evening had come to a close, the players returned with their spouse to sleep.

Day Four

Alex woke with a hardon early Monday morning, gently rubbed Ally's smooth firm ass until she woke, then whispered the most familiar phrase of their lives, "Fire it up and back it over !" Without saying a word she took a small bottle of Astro-glide from the night stand and lubricated her pussy. He eased his morning, rock hard, erection into her soft, tight, lubricated pussy.

"Babe, that's so good ! Almost as good as the sloppy seconds yesterday !"

"I love your cock !"

"I love your pussy !"

"Fill it ! Fill it like Ted did !"

Essentially, Alex masturbated using her pussy instead of his hands almost everyday of their married lives. Ally knew by referring to a strange dick Alex would climax immediately.

"Yes, oh yes ! He filled it !!!!! He gasp releasing his mighty load into her tight soft pussy.

Ally was up and cleaning up in seconds, while Alex took a little nap. Having learned on the Kinky Cruise how to love sucking cock and swallowing the tasty reward Meg displayed her desire to suck Ted off first thing in the morning !

Ally pounded on the wall, they met in the hallway, off to breakfast.

Miguel knew his favorite table was going fishing, making a special bag of goodies for their adventure. "El Grande" was the boat they should try to take, if possible, he recommended.

"Do you know what today is Miguel?" Meg smiled sitting between Alex and Ted.

"I'd say it was your day." he smiled back.

The expressions on Megs face told Miguel that something was going on under the table. Moving to his work station he bent down to see ! His favorite little lady was being fingered fucked ! Miguel was extremely attentive toward her all morning at breakfast.

Leaving for the transport to the fishing pier they had Miguel's bag of goodies, a load of sun tan lotion, extra hats, shirts, and shorts. Being able to secure the "El Grande" they were soon on the way out to sea.

Ted and Meg headed straight for the forward cabin while everyone else watched the two man crew set up the fishing lines. Baited and attached to out riggers five lines were trolled behind the sport fishing boat. Alex and Ally were fixed on the baits when Meg appeared at the sliding glass door entrance to the below deck rooms.

"Anyone for sloppy seconds ?" she questioned smiling at Alex.

Jumping up Alex rushed to join her. As they disappeared inside, Ted appeared.

"Jesus, is she horny ! Alex fingered her all through breakfast getting her super excited and she fucked my brains out !" Ted informed Ally.

"He's in there now eating the fuck out of her I'll bet."

"I don't know how he does that ?"

"I don't either, but he loves to do it !"

Ted joined Ally watching the lines.

Up in the forward berth Alex was giving Meg the eating of her life. Her body twisted and turned as she experienced wave after wave of climatic eruption. Alex ate her through three screaming requests to stop, making her cum more powerful each time. As she laid breathless beneath him, he penetrated her satisfied pussy with his rock solid erection.

"Oh, yes! Fuck me !" she said as he began to thrust in earnest. It was a short, hard, fast, fuck and Alex filled her with cum. They'd laid recovering when they heard, "Fish On!"

By the time Meg and Alex got up on deck Ted was fighting a Sailfish. The action was non-stop as the crew moved all over helping Ted land the fish. He fought it for about twenty minutes when the fish tired and was gaffed. The celebration on the boat was hysterical . The crew all shook Ted's hand and slapped him on the back, "Great Job !" they cheered.

It wasn't long before the lines were back in the water and the gang was watching intently.

"Meg was sure ready this morning !" Alex informed Ted.

"She's always ready, especially after you fingered her during breakfast."

"Is that all you talk about is sex ?" Ally quizzed.

"It is when you cruise with two sexy women." Ted smiled.

"In that case, keep talking !" she smiled back.

Ted's sailfish, which was released, was the only catch of the half day charter. Calling it a day the boat headed back for port. Ted was going through the goodie bag Miguel gave them discovering a three pack of condoms with a note attached, "crew use only" .

"He gave Meg protection to use incase she fucked the crew !" he laughed.

"Keep those, just in case." Ally coached, Ted put them in his pocket. The girls sun bathe on the bow all the way back to the dock. The men smoked pot with the crew telling fish stories.

The sun and the rolling fishing boat had made the gang a little tired and they all took naps. The ship left the port- of- call late. Alex was outside on the balcony watching the departure. Meg joined him, knowing he was alone.

"I'm glad to catch you by your self." she began.

"What' up ?"

"I wanted to thank you for this morning."

"I'm glad you enjoyed it. I sure did !"

"I didn't just enjoy it, it was the best sexual experience of my life."

"I've enjoyed every minute I've spent with you. This cruise that you girls planned has been excellent."

"I just had to tell you that I've never been so satisfied as you made me this morning."

"You made me cum in quarts too !" he smiled.

"You know what I'd like to do tonight ?"

"Something kinky I assume."

"I'd like to fuck you during the evening show."

"In the theater ?"

"Yes, in the theater."

Alex took a long time thinking about what she'd said. "You'd have to wear a shirt."

"I will, with no underwear!" she smiled.

"This should be an interesting evening." he acknowledged.

Ted and Ally joined them with Ted asking if Meg had told Alex what she wanted to do at the show ?

"She did !"

"You know she likes the possibility of being caught."

"She told me that. I like it too."

"You two are nuts, doing it in public."

"I was hoping you'd do me at the show too !" Ally confronted Ted.

"Shit ! I'm in ! We'll all end up in the brig."

The group returned to their cabins to dress for dinner. Both ladies put on skirts with nothing underneath and the boys wore only slacks. Dinner was fabulous. Ted asked Miguel about the condoms he'd slipped into the goodie bag. Miguel said they were for the fishing crew to wear if the situation arose. Meg got Miguel excited whispering in his ear about getting laid during the show. He changed her nick name from pretty lady to crazy lady knowing her intentions.

Meg choose seats at the end of a row, next to the wall. The second the lights went down, the curtain opened, and Meg lowered herself onto Alex's stiff one. Nobody in the surrounding seats knew what was going on until Meg went from sitting with her back to Alex, to facing him. If she hadn't moved like a whore trying to cum, the couple sitting behind probably wouldn't have guessed they were fucking. When the lights came back up and the audience began to leave, the couple sitting behind said, "Thanks for the show !" and left laughing.

Meg and Alex had fucked throughout the entire show, but neither climaxed. When they got back to the cabin they jumped into bed and fucked like rabbits.

Ted and Ally didn't even pause to watch their spouses fuck, going out onto the balcony.

"Aren't you supposed to be with Meg also tonight?"

"No, I've fucked her three times today already."

"I'm supposed to have you both tomorrow. Do you think we could start a little early ?"

"I was hopping you'd ask." he said taking her into his arms. With their spouses fucking wildly in the cabin, Ally gave Ted a sensual blowjob on the lounge chair. With Ally's lips on his dick he laid back and listened to the moans of lust coming from his spouses lips in the bedroom.

Feeling the urge to cum, Ted quickly switch positions and went down on Ally's pussy. Ten minutes of finger fucking and tongue lashing, Ally erupted in lustful climax. A few thrusts from climax himself, Ted mounted up, and ripped it off !

The couple inside the cabin had finished their lustful action and stumbled out to join their spouses.

"Did you just fuck my wife ?" Alex asked with a smile.

"I did, and she liked it !" Ted laughed.

The ship was on it's way to a private island. The satisfied group was on their way to bed. Tomorrow would be another sexual adventure they would all benefit from.

Chapter Seven

Day Five

Anchored just offshore of a private island, Alex woke to the sound of the crew launching the shuttle boats. Walking out onto the balcony he closed the blinds to keep the rising sun from waking his dreaming, fantasizing, wife. The first cup of coffee from the wet bar smelled so good he found himself drifting in thought. "What a cruise ! I must really be sick, I love watching Ally fuck ! Shit, she even ate Meg's pussy ! I ate Meg's pussy too !

The sound of the sliding glass door opening interrupted his thoughts, "Good morning handsome." Meg's sexy voice brought a smile to his face.

"Good morning gorgeous."

"This coffee smells as good as you taste ! Do you mind if I have some cream with my coffee ?" she seduced setting her coffee down, dropping to her knees. Alex opened his robe and Meg took his erect cock into her hands and mouth.

"Oh, what a way to start the day !" he said as Meg began to suck him off ! Placing his hands on the back of her head, he forced her to deep throat him. Meg moaned like a grateful whore, Alex emptied his morning load down her throat.

"Oh fuck, was that good ! You swallowed every drop !"

Running her tongue between her lips, "I love the taste of your cream with my coffee." she smile picking up her cup.

Alex sat next to her on the lounge chair, "You're an amazing woman, Meg." Giving her a tender thank you kiss. "You really make the sex erotically pleasurable."

"I knew we'd really hit it off. I wanted you since the night at the party."

"That night when Ted showed us your private tapes, I knew we'd fuck."

"So did I and Ally was ready because she told me so at lunch that week."

"What's amazing to me is that a week ago neither of you had ever been fucked by anyone but your spouse !"

"You two haven't been womanizing the world either."

"True. We're all rookies, aren't we ?"

"Speaking of rookies, where are Ally and Ted ?" she asked.

"Ally's sleeping, isn't Ted still in bed ?"

"Ted got up early to go up to breakfast. Maybe he's with Ally !"

They went immediately to see. Quietly, pulling back the shades, on the bed were Ted between Ally's legs eating her towards submission.

"Eat me Ted, make me cum again!" Ally cried.

Pulling his face hard into her climaxing pussy she screamed, "Oh yes, I'm cumming !" she gasp as the eruption ripped through her cunt. Ted kept eating and she struggled to get free. In order to get him to stop she cried out, "Fuck me! Fuck me now !" Ted did exactly what she asked mounting up.

Ally wrapped her arms and legs around Ted's body. He held himself up with extended arms and hammered the shit out of her.

Meg and Alex just stared as their spouses fuck each others lights out on the bed. When the erotic action ceased, they got their spouses attention directing them to meet in the dining room.

Miguel had been waiting for them knowing they'd be off to the nude beach. There were three selections that day, regular, topless, and nude. The gang

had chosen nude ! Miguel instructed the girls in what and where he'd bring lunch to them at the private beach. The shuttle launches left every fifteen minutes to all locations.

Once at the hide-a-way location the group took in all the surroundings. The bottom was pure white sand, around three sides of the lagoon were rocky cliffs, with small caves all over the place. It was obvious if you wanted privacy it could be found. There were about twenty couples naked on the beach from the ship. Breaking up into groups of four to eight, each unit waded out together. Ted and Alex saw a young couple making out on the cliffs. Essentially all they could see was her legs up in the air and the man's ass going up and down between them. The girls had come across a view of their own. Across the small cove were two men. One was fucking the other up the ass !

"They have friends up the ass !" Meg joked.

"He is really fucking that other guy !" Ally added.

"Hey, leave them alone, they're not bothering anyone."

"Look at the dick on that one ! He's hung like a horse !" Ally commented.

"Holyshit, that's got to hurt!" Meg said watching them fuck.

"I like big ones, but not in my ass !"

"That isn't what you said to Ted, yesterday." Alex laughed.

Bored with the sex going on all over the place, They decided to find a spot for themselves. A small inlet was just right for the gang. Ally, with Alex on one side, and Ted on the other began to rub their cocks hard.

Ally had an agenda and was putting her plan to work. In her little bag of goodies she'd brought, she had a tube of vasoline. Applying the lubricant to Ted's dick he asked, "What's that ?" feeling the lotion being spread with Ally's hand.

"That's a lubricant, because it's impossible to fuck in salt water without it ." Ally proceed to lube her pussy and asshole. Once ready she had Ted stand in front of her. Wrapping her legs around his waist, Ted's erection slid to the depths of Ally's cunt. Alex was next. He was summoned to enter her up the ass !

"Easy big boy!" she said as Alex's cock began to slide into her asshole.

"Oh fuck is that good ! Fuck me boys !" she cried with two cocks buried in her. Ted and Alex humped away at Ally's body. By the sound of her constant moaning and always asking to be fucked harder there was no doubt she loved it. Even as Ted And Alex fucked her, she turned to Meg and advised, "You have got to try this !"

"Hurry Ally I'm going to cum !" Ted warned.

"Not yet ! Please don't stop !" she begged.

Both the boys took a deep breath and tried to hold back their pending climaxes. With the guys thrusting and Ally going up and down their shafts it wasn't long before Ally experienced her first wave of climax.

"Yes ! Oh god is that good !"

A few minutes more of non-stop thrusting by two hard big cocks and Ally exploded.

"Oh yes I'm cumming ! Oh, Yes !etc."

"Don't cum !" Meg ordered taking Ally's tube of lubricant and getting herself ready. Following Ally's lead Meg had the boys penetrate her lubed ass and pussy. Alex in her cunt and her husband up her ass ! The trio fucked for a good fifteen minutes with Meg making the same erotic comments as Ally had. Ted explosion in his wife's ass caused everyone else to cum with him. The trio climaxed together.

"Holy cow ! Was that an experience or what ?" Ally said.

"I'm so glad you told me to try it. Wow, it was great !" Meg added.

Slowly the gang made their way back over to the nude beach. Miguel was waiting with a fabulous luncheon, set out on a blanket. He served his favorite ladies and making sure they were safe by applying sun tan lotion to their nude bodies. The girls loved the attention Miguel gave them and couldn't wait to see the picture of them with Miguel's hands on their ass's.

The afternoon was spent snorkeling and floating around with absolutely no sex. The relaxation was welcomed by all and at 3pm they took the launch back to the ship.

Alex and Ted sat out on the balcony talking about all the fun stuff they'd done already. There was no hurry this afternoon because the ship was leaving port at 4:30 and the group had changed dinner to be served in the room by Miguel at 8pm. Two guys who screw each other's wives and smoke pot found themselves in erotic conversation. The time was flying by when Ted asked, "Where are the girls ?" Assuming they were in the cabin sleeping, Alex pulled back the curtain to look. Quickly turning to Ted and signaling him to come see.

"Holyshit ! We married dikes !" the two girls were on the bed in the sixty-nine position eating each other's pussy's. Neither interrupted the lesbian love making session going on in the cabin. They watched until the girls had finished, then commented, "Did you have enough to eat?" Ted smiled.

"It's only sex Ted. And dam good sex at that !" Meg answered.

"You don't mind, do you Babe ? Ally asked.

"Eat it any time you want." Alex replied.

The two men returned to the balcony, "What did we create ?" Ted asked. " A couple of horny women I think. I love watching them fuck !"

"To be perfectly honest, I thought it would be difficult to get Meg to participate in multiple partner sex. Having her eat pussy is beyond anything I

hope for.”

“Shit, Ally said she never do it with a woman, now their pro’s.”

“Just as long as they keep fucking us, who cares ?”

“I couldn’t agree more.”

The ladies at little embarrassed at being caught, “What are you boys up to too?”

“Not eating pussy like we’d like to be !” Ted added.

“So you caught us, big deal !”

“You won’t catch us !” Alex said.

“We sure hope not !” the girls laughed.

The ship departed and the group redressed for dinner. Miguel arrived on time with a lobster, crab, and shrimp meal fit for a king. The girls had redressed in see-through teddy’s for dinner in the room and Miguel enjoyed the view. Setting everything out for consumption Miguel was about to leave when Meg took him by the arm. “Do we have a
