

The Keys are the Keys!

We had just been through the most stressful month of our lives. Even family members from all over the country flew in to say good-bye to our eldest family relative. In addition to the expected stress we had to house and entertain the out of state guests and family members. When the crisis cleared we found ourselves exhausted needing some immediate rest and relaxation.

"Pack your stuff Babe, we're going to the keys and get away from this screwed up world."

"Oh, what a great idea. Are we going to Doug and Vickie's?"

"I think we should go as tourists, nobody to bother us or keep us from doing as we please."

"Where are we going to stay?"

"We'll find a place without a problem, the season doesn't start for another month."

The drive to the keys from PGI is about four hours on four lane freeways, with the exception of alligator ally.

Just north of Marathon Key we were drawn into the entrance of the Marriot Resort Hotel.

"Oh Babe, let's stay here!" Ally expressed excitedly.

We registered, put our stuff in the room and left seeking adventures. Between the 75 and 80 mile markers there's a sand bar that goes out for over a mile. We carried sage chairs, an umbrella, beverages out about five hundred yards setting up to relax.

The soft sounds of the water, the perfect trade winds, and warming sun drew the signs of built-up stress from our bodies. I'd guess if you counted all the bodies there were about twenty-five spread over a thousand yards. We talked, napped, read, and took short dips to cool all afternoon. Prior to the magic hour of five Ally suggested we find a place for seafood and drinks. One thing about the keys dress is not formal, just the opposite, kick-back. With shorts and covering t-shirts we were dressed for an evening out for dinner.

Enjoying both before and after dinner cocktails, we feasted on lobster, clams, crab, and grouper. Satisfied we headed back toward the hotel. In the room we made ourselves a nightcap going out onto the balcony to enjoy the star filled night sky.

"What a wonderful day we had today. I really love it down here in the keys."

"I haven't felt this relaxed in ages."

"I know what you mean." she said with a long cy.

There wasn't any real conversation we just stared up into the sky with thoughts passing through our heads. Once inside and in bed Ally cuddled up next to me taking my dick in hand and rubbing it, over time, stiff. While she stroked me, I ran my hands all over her body. Once she had me totally erect she bent down and made love to my dick and balls !

"Oh, is that good!" I praised as she kissed, sucked, and licked her way down my cock. "Oh, Babe!" I gasp as she sucked my balls into her mouth. The feeling of pleasure were so powerful that I didn't know if I should yell or just moan loudly. I moaned like a wounded animal until she released my nuts from captivity. "Oh fuck Babe that was good!"

"I love sucking your balls it makes you cum big time!"

Sucking me like a paid for whore she drew a volume of pre-cum from the depths of my balls. Telling me how good I tasted she moved up my body giving me a long passionate kiss before straddling me. Placing my erection into her cunt she began to ride me in every direction imaginable. Placing her hands on my chest she rode my cock aggressively until her energy would run out then she'd collapse onto my chest keeping her pussy moving. I grabbed her ass with both hands moving her down onto my solid erection. Each time she'd engulf every inch she'd give a final hump at the base of my dick. "Yes!" she'd scream erupting in climax.

"Fuck me! Fuck me harder!" I'd demand and she'd move faster and deeper. "Yes! Oh god yes!" she screamed releasing a massive orgasm, collapsing onto my chest. During her on top fuck she was rubbing her clit as she rode my dick which added to her eruption. Holding her tight I rolled on top, sliding down her body to caress her clit with my tongue.

"Oh god yes, eat me!" she gasp as my tongue excited her clit. Spreading her pussy lips with my fingers I licked, kissed, and tongued my way from her clit to her asshole. As my tongue licked her ass she twisted in erotic arousal. Before moving my licking up to her cunt I inserted a finger in her asshole. "Oh I love it!" she expressed feeling the violation up her ass. Slowly I sucked, licked, and kissed her vagina. " Oh fuck yes!" she gasp as another finger slipped into her cunt. Fingering in unison, I tongued her clit into submission. Ally climaxed in non-stop waves of pleasure.

Stopping my oral assault when she couldn't cum anymore I positioned myself for entry.

"I love your cock!" she moaned as I sunk to the depths of her lust liquid filled cunt.

"I love your cunt!" I responded.

"Fill me Babe. Fill me with cum." she ordered.

I pounded her pussy with every ounce of energy I could muster. As my body stiffen, with my submerged dick in her cunt, the only body parts that touched, I shot my wad into her hot, steamy, cunt.

Oh god, did I need that!" I gasp recognizing the feelings of a major release.

We laid in the afterglow for awhile in each others arms before taking turns to clean up before going to sleep.

The next morning we had juice and coffee delivered to the room before going down to the restaurant for a real breakfast. After eating we decided to explore the hotels resort facilities. The beach on the west side of the resort was very small used solely to rent sea-do's and sailboats from. However, when we discovered the pool area we were blown away. There was a general pool for parents and children and an adult, clothing optional, pool. The

adult pool was magnificent it was surrounded by mangroves so it was totally secluded. There were water falls, little private coves in the rocks, and inlets and outlets where couples gathered.

"This is the spot. We are going to spend the day here."

Finding the perfect location with over head umbrellas, comfortable lounge chairs, and food and beverage services, we were set. I worked on my notebook as Ally read in the chair next to me. Looking around I said, "They should have called it topless because everyone seems to be wearing bottoms."

"You know what I need is one of those big brim hats, like the lady over there."

"I think I saw them in the store just off the hotel foyer."

"I going to get one."

"I going in a cool off, see you when you get back. Remember grab all the gusto you can Babe, do it, if it's fun!" I said as she left.

Floating around and minding my own business I felt a presence. Looking around I was shocked a little to find a very attractive woman coming up behind me.

"What are you doing with your notebook, working down here in the keys?" the attractive woman asked with a laugh.

"Actually I was writing about the fabulous sex I last night." I smiled.

Now standing directly in front of me, she reach out and grabbed my dick! "Is this what you had the fabulous sex with?"

Pulling her against me with her beautiful tits squashed against my chest, "Would you like a demonstration?"

"I thought you never ask." she smiled as she led me by my cock to one of the private coves. Having me sit on a step just under the water level she went down on me. This woman could suck a dick I thought as she deep throated my nine inches without a problem. I couldn't take my eyes off her as she licked the head and flicked down my shaft.

"You have a very nice cock." she smiled as she moved her mouth up and down my rock hard erection. Stopping, starring me in the eyes she seduced, "I want you!"

We world around placing her ass on the raised seat at the waters edge. I gently spread her legs going down on her exposed pussy. I ate her until she pushed me away do to excessive climaxes. Replacing my tongue with my dick we fucked until we both exploded. The sound of erotic sex was enhanced by the close walls of the private cove.

"That was good!" my mystery woman praised.

"You're a great fuck."

"Was it as good as last nights?"

"There was no comparison."

Together we slowly exited the private cove as not to be recognized as the couple making all the erotic noises. Once back out in the exposed pool area my attractive woman returned to her spot, ordering a drink from the server as if nothing had occurred.

Looking around for Ally, who was nowhere to be found, I decided to return to the room. When she joined me about a half hour after my arrival I asked her what she'd been up to?

"You know I went to the hotel store to buy a hat. Well, the woman sitting just a ways down from us asked me where I was going as I passed by her.. She gave me a reason for wanting to get a hat also and asked if she could join me.

Together we checked out every hat they had and neither of us like any of them. Wanting to try on a swimsuit she asked me if I come with her and help carry some of the suits because they didn't have a dressing room you had to use your hotel room for changing. When we got up to her room she began to try the suits on. Then she said, "We are about the same size, try this one on." handing me a suit. The one she wanted me to try was a tiny bikini. When I had trouble pulling the bottoms up, she helped me. First, she slapped me on the ass, as my cheeks stuck out of the edge of the suit. "Nice butt!" she commented.

"Thank you, you've got a nice butt too!" I responded.

"I like the way it fits you." she said running her hand across my ass. I became lost for words as she slipped her hand between my legs rubbing my pussy. I almost screamed as she began to kiss and suck my tits. But before I ended this sexual advance I remembered you saying "grab all the gusto you can, try anything once." I reached out with both hands and grabbed her ass pulling her body against mine. Immediately she laid a kiss on my lips I'll never forget. My nervousness left as we fell onto the bed wrapped in each others arms. You were right, women know how to eat pussy! I closed my eyes as she began to excite my clit, and believe me lips are lips regardless if their male or female. The major difference was she knew exactly how to make another woman cum in quarts. I have no idea how or why, but I went down on her and returned the climatic favor. We both enjoyed a good cum and returned to the store returning the suits parting without speaking to our own rooms. And here I am!"

"Does this mean that your officially a lesbian now?"

"Stop it. I did what you've always asked me to do. I tried it and I liked it."

"You actually liked it?"

"If you closed your eyes, it was just a fabulous pussy eating."

"Would you do it again?"

"Yes, with the right woman."

Since we'd both experienced an erotic adventure that afternoon, we fell asleep for about an hour waking in time to go out for dinner.

On the way to eat we discussed the erotic pleasures we'd enjoyed on this trip to the keys. Ally did most of the talking being her experience was more exciting than mine just fucking another woman. After listening to her explain every lick, kiss, and fondle that took place between her and her partner we agreed her encounter was life changing.

Dinner was steak and seafood with a taste of turtle because we were in the keys. After dinner, the evening being early, we decided to take in the bar at the Marriot. Needless to say it was dead, we were the only two there. Ally asked the bar tender if there were any fun places to go to near by. He was very explicit in his recommendations outlining the expected activities at each location. We decided on the club that was in walking distance of the hotel. Noticing parked outside the club bar were a number of motorcycles.

"Do you think we should go in?" Ally asked acting a little nervous.

"Hell, we drive a dully diesel, it's tougher than any bike here." I said proudly.

"Okay tough guy, let's go!" she said taking my hand and heading into the club.

It was diffidently a bikers bar. The majority were dress in jeans with cut off sleeve shirts and tattoo's everywhere. One ruff looking guy said, "Hey pretty little thing" as Ally walked by his table.

"Not tonight bad boy." she replied passing.

"Hey woman, I didn't ask you to fuck, I just said hello."

"In that case, hello!" she smiled walking to our table. We sat and watched the crowd wondering what we should do next. Have a drink or get up and leave. We decided to have a drink.

The couple behind us heard Ally order a Grey Goose on the rocks. "Isn't that a lot of booze for such a little woman."

"Thank you for your concern, but I want to get drunk."

"Well that will do it missy."

"Don't let Bill bother you, he upset because he can't drink, doctor's orders."

"Can he smoke?" I asked his tattooed companion.

"You got shit?" he inquired.

"Enough for the four of us back at our Marriot Hotel room."

"You guys are staying at the Marriot? I've always wondered what that place looked like inside."

"Why don't you come with us and we'll have a drink and Alex and Bill can smoke. What do you say?"

"Bill?"

"Sounds like fun to me Wonder Woman."

"He calls me Wonder Woman, because he is always wondering what I'm doing." she laughed.

"What is your given name Wonder Woman?"

"Shirley." she answered.

Ally got real brave getting on the back of Bill's Harley for the short trip to the Marriot. Shirley and I walked together talking. I learned they lived in Miami and worked at the airport in maintenance. They had been riding motorcycles ever since they were in high school. Their kids were grown and had moved up north. They came down to the keys almost every weekend out of season, this was their last one until next spring, in the winter they biked up to Orlando, in the Kissimmee area.

I told Shirley about our plans to Fifth Wheel for three years around the country and she loved the idea. By the time we got to the room we were old friends.

Up in the hotel room I made Shirley and Ally a Grey Goose on the rocks with a splash of water. Bill and I shared a pipe of good shit out on the balcony. By the time the girls were on their third drink, Bill and I had smoked several bowls, essentially nobody was feeling any pain.

I felt so good stoned I began to ask Shirley about her tattoo's. "Tell me about this one?" I asked pointing to the one on her breast.

"The three hearts represent my very first three on one fast break. The heart in the middle is Bill, see the W for William. The ones on either side of Bill's heart are the Allen twins that join him fucking me, see the A's?"

I reached out taking her breast in my hand, examining it.

"Beautiful." I said before bending and kissing her triple hearted tit. The second my lips caressed her breast she grabbed hold of my stiffening dick. She moaned in lustful pleasure as I pulled the small rings that pierced her nipples. We stood at the side of the king sized bed arousing each other with kisses and strokes while Ally and Bill made out lying on the bed next to us.

Shirley loved to make out and lucky for me she liked the way I French-kissed her. Not in any kind of a rush we slowly undressed each other as our lips pressed tight, and our tongues discovered each other.

With my pants undone, Shirley knelt as she lowered them taking my dick in her hands, "Nice cock, Alex!" she said massaging the shaft.

"Mmmmm!" she moaned taking the head into her mouth.

"Suck it!" I requested as her lips slipped down to the base of my nine inches of hardness.

Out of the corner of my eye I could see Ally lying between Bill's legs on the bed sucking his dick. As much as I wanted to watch her suck him off I couldn't because of the erotic stimulation of my cock in Shirley's mouth.

Unlike what I was use to Shirley could deep throat me as if my dick were small. Ally did it, but not with the constant ease and full length deep thrusts Shirley used. Deep in my crotch I could feel a massive explosion building. I tried to get my mind off the fabulous feelings on my dick by turning to watch Ally, but as I caught a glimpse, Bill ejaculated into Ally's mouth. I lost it! "Lookout, here it cums!" I warned. Shirley sucked even more aggressively and I emptied a giant load into her sucking mouth.

"Oooh fuck!" I gasp as I filled Shirley's mouth with cum.

She swallowed every drop and kept sucking until the last drop was sucked from my balls.

Bill, who was an x-marine, still maintained a great body and displayed it by recovering much faster than I did, preparing Ally for the eating of her life! The gentleman he was, placed a pillow under her head for comfort and one under her ass for complete access. Starting with a series of kisses on her lips, down her neck, on both tits, before arriving at his desired destination. The last thing I heard before concentrating on Shirley was Ally screaming "God are you good!" as Bill ate her pussy.

I laid Shirley out on the bed, kissing her passionately I whispered, "I owe you big time, Wonder Woman." She smiled at me as I kissed all the way down her body. I gave her one last smile before burying my face in her cunt.

As I began to excite her cunt with my tongue in the back of my mind was a purpose. Because she had given me such a fabulous blowjob I had to eat her into climatic submission.

The first pleasant discovery was the taste of her pussy, it was delicious! The more I ate the more I wanted. Shirley was in climatic heaven as my tongue and penetrating digits excited her to climax instantly. The more she came, the more aggressive I ate her. I knew from the flood of climatic fluid flowing from her cunt that she was cuming quarts. Her verbal recognition were non-stop moans from the moment my tongue touched her cunt. All of a sudden her body began to shake. Next she twisted almost completely around, and her legs shot for the ceiling. The first clear words flowed from her mouth, "I'm cuming! Oh, shit, it's big! Yes, fuck yes!" Shirley released a massive powerful climax expelling every ounce of energy through her cunt.

"Are you okay?" I asked concerned for her health.

"I haven't cum like that in years." she gasp trying to catch her breath.

"I owed you that, you made me cum big time too!"

While we discussed our great sex Bill was achieving like results eating Ally. We both watched as our spouses praised each other for the climaxes they exchanged during their sexual encounter.

The next half hour or so was filled with constant praise and seduction kissing. Each one of us were praying to recover enough energy to fuck and we each tried to arouse the partner in our arms.

I don't remember if Bill stimulated me climbing on Ally's body or I aroused him penetrating Shirley's cunt. Either way we mounted our partners and attempted to fuck the hell out of them. I knew he was in much better shape than I was, but no way I thought was I cuming in his wife before he climaxed in mine. We hammered our partners for what seemed like all night when I heard Ally loudly say, "Fill me! Cum in that cunt!" I knew Bill was close. It was a relief when I looked over and watched him explode into Ally's pussy because I couldn't hold back another second, releasing my built up load into Shirley's hot moving cunt.

A short rest to gain enough strength to consume a cold beverage and Bill and I stood at the balcony door smiling as we scanned our two conquests.

"Have you got anymore shit?" he asked.

"Right here my friend." I said lighting up a pipe full. As we passed the pipe we both noticed at the same time that Shirley was fondling Ally's tits! Wide-eyed we watched as the girls began to exchange embraces. The scene became more erotic when they began to finger fuck each other's pussy's. When Shirley climbed into the on top sixty-nine position and they began to eat each others pussy, we lit another pipe, sat back and enjoyed the erotic scene.

Bill had seen Shirley with a number of women before, he didn't know this was my first time watching Ally. What a key trip, Ally had experienced her first woman on woman this morning and was having her second tonight! I admit it was as sexy as I dreamed seeing my wife eating and being eaten by another woman.

One thing for sure there was a lot more moaning and groaning with two chicks than with a man and woman. The erotic oral sex between Ally and Shirley lasted about twenty minutes and both women got off in quarts. They laid motionless on the bed and after Bill and I finished our smoke we joined our spouses.

Wrapped in Ally's arms we were woken by a knock at the door.

"Room Service."

"Just a minute." I answered rushing to the bathroom to retrieve my robe. Letting the porter in with the tray he informed us that breakfast were complements of Bill and Shirley. As we sat uncovering the plates to discover what was for breakfast Ally found a card in an envelope among the dishes.

"Look at this," she said handing me the card. It read, Alex and Ally, Thank you for a memorable evening.

Friends Forever, Bill and Shirley with an e-mail address to contact them.

Eating the complementary breakfast provided by Bill and Shirley we decided that the weekend we experienced could only happen in the Florida Keys. "The key, is the Keys!"
