

## You could be President

It wasn't that many years ago the Ally and I made the decision to experiment with the Alternative Lifestyle. From the very beginning we would entertain a prospective partner with drinks, dinner, conversation of our intentions, and the all important invitation to come back the following week and swing! There was always tons of erotic anticipation before a planned encounter, but actually finding an individual or couple proved to be even more exciting. In the beginning we had no idea how to get involved with other couples with the same intentions. How did you start a conversation with, "Would you like to fuck my wife? I'd sure like to fuck yours." Instead of going out to bars we decided to convert our friends. Getting close friends to discuss sex with you is easy. In fact, as of today I don't have a friend that Ally hasn't slept with. I would guess that if you lived in the same location for a number of years, it would be simple to list friends who'd you like to engage with, but Ally and I have moved 13 times in 19 years so we are always looking for new friends.

I don't wish to leave the impression that we are naïve, but we'd never heard of AFF or using the computer to find and meet friends. It's like ordering a meal! We log onto the [adultfriendfinder.com](http://adultfriendfinder.com) site, enter our criteria, and with seconds have a list of couples in our area seeking the same thing. A couple of e-mails, exchange a few pictures, and Walla, you have a prospect who wants to fuck!

The thrill of finding a partner may have been lowered to a simple click of the mouse, but the sex hasn't lost a bit of pleasurable ecstasy!

By accident we found a world we didn't know existed. It was so exciting we decided to quit our careers, sell the condo, and leave cold turkey on a new life's adventure.

Planning in advance for retirement, we never thought we'd have enough money to do what we'd always wanted to do and that was travel this fabulous country for at least five years.

Discovering with the investment of \$40,000.00 we purchased a Fifth Wheel and a Dully Diesel. That would be our home and transportation for the foreseeable future. Total living costs, including fuel, food, site rental, water, electric, and cash for fun was under \$1000.00 per month. We put a couple of hundred thousand in the bank from the condo sale, which would provide our income.

The question would normally be, "Why take up the RV lifestyle? Number one you can follow the good weather, live anywhere you want, see this magnificent country at your pace, and we found the Rver's to be swappers, not swingers, but swappers. You come to my RV and she'll go to yours!

The master bedroom in our Fifth Wheel is a king size bed, with very little room around the edges. It would be very uncomfortable to watch people fucking, standing six inches from the bed. So being the sick puppy I am, I wired the room for video and sound from angles above the bed and from the side. Whom ever fucks in our bed gets recorded. I have found viewing the video's of encounters we've had over the years is both entertaining and somewhat arousing because you relive the feelings shown in the movie.

Since neither Ally or I had ever been Rving before we decided to make our first stop the Peace River Campground in Arcadia, only a short jont from PGI. Setting up the first time we used a check list provided by The R V World to make sure we did it right. Not long into our task of hook-ups our neighbor introduced himself and helped, explaining the method of operation.

"What brings you to The Peace River?" he asked with a smile.

"This is our first time Rving and this was a short drive, plus my wife wants to go canoeing on the river."

From that point forward he (Ted) became a helpful friend. Before Ally went into the Fifth Wheel to setup the inside, Ted's wife joined us. Paula was a very attractive woman, and she began to ask Ally if she could help with the sliders.

Outside Ted and I finished the hookups and sat down to admire our work.

"If you guys are finished, you can help us. Check and see if the sliders are locked into place." Ted and I walked around the unit making sure all the extensions were all the way out and locked.

"So you don't have to rush, bring over what you want to grill. Paula will setup the outside table, and we can eat comfortably."

"They seem like nice people." I said once inside unpacking.

"She's very nice. She said they'd join us on the canoe trip, they've always wanted to do that."

"She is built like a brick shithouse!"

"Will you cut it out! All you think about is sex."

"And you didn't take a long hard look at Ted's body?"

"I noticed he had small hands."

"See, I like big tits and you like big cocks."

We finished our preparations, grabbed the steaks, and headed across to Ted & Paula's. Ally always says I'm not observant, but I spotted a small pipe like mine sort of hidden by an ashtray.

"Can I get you a beer?" Ted asked seeing Ally with a drink and me empty handed.

"Alcohol is not my drug of choice, but I'd love a soda or water if you have it."

"Not your drug of choice, what is?" he smiled.

"I preferring smoking pot." I answered directly.

"God dam it, so do I!" he said taking the pipe from under the ashtray.

"Just what we need Ally, two pot heads." Paula laughed.

That revealing of preference brought our little group together for an evening we'd always remember. Throughout the cocktail hour and dinner we

laughed and got to know each other. After dinner sitting around the camp fire the atmosphere heated up.

Both Ted and I heard Paula ask Ally what her greatest talent was expecting to hear about her interior design skills.

"I've been told my greatest talent is sucking cock!"

"Did you hear that Ted? She's a cock sucker."

"I heard her, but can she take it up the ass like you?"

"You like it up the ass?" I directed to Paula.

"I've been known too!" she smiled back.

"That doesn't answer my question, do you take it up the ass like Paula does?" he directed at Ally.

"I need another drink first." Ally answered.

"Get the lady a drink." Ted said rising to refill her glass.

Upon his return with a vodka for Ally he explained the difference between swingers and swappers. The fact was that RV's were too small for two couples to have sex in at the same time, so they swap and go to each other's RV.

"How do you know which RV to go to?"

"Ladies always fuck at home, only whores go out for sex."

"So Ted will join me in my Fifth Wheel tonight?"

"If Alex wants to stay with me."

There wasn't any doubt as to who was sleeping with whom, but there was no rush either. The conversation broke down into two groups, Ally and Ted, and Paula and I. It wasn't sex talk, it was just two friends talking about things going on in the world.

We might have just been talking but my mind was on her body. Not only did Paula have a set of knock-out tits, her long blonde hair cascaded over her shoulders like a waterfall. Seated on an ass that would never let your balls touch the cold sheets.

She wasn't petite like Ally, nor was she overweight, the perfect body to fuck.

Of course I had to check out Ted since he'd be fucking my wife this evening. Actually there wasn't anything outstanding about Ted's physical appearance. He had an above average build, somewhat muscular, regular light brown hair, clean and neat. I know Ally sized him up by hand size, and it looked to me as if she was going to have a good time!

Without as much as a goodbye Ted and Ally left for our RV. Paula looked at me with a smile as she took my hand leading up and into her beautiful Class A motor coach.

"This is beautiful" I commented as she led me towards the rear of the motor home. Facing me at the foot of her master she laid a kiss on me that took my breath away.

"I want you so much my pussy aches."

"You hot, sexy, bitch, kiss me again." I asked. Once more she displayed a haunting, sexy, passionate kiss, that made me dizzy from its seductiveness.

With the moves of a professional she removed my shorts, shirt, and underwear without me even realizing it. As much of a thrill it was having her lips on mine, when she slid them down my dick I almost shot a load immediately into her mouth. Kneeling naked before me was a sexy, long blonde haired, cocking sucking marvel.

I know about great head. Ally is an example of a woman who just don't suck cock, she loves it, especially the creamy prize she seeks emptied into her mouth.

I tried to praise Paula's cock sucking, but she'd sucked the breath out of me so all I got out was "Good!" The pleasure became so intense I lost my balance falling onto the bed.

"Did I suck all the energy out of you?" she smiled crawling up between my legs taking my erection back into her glorious cock sucking mouth.

"Oh god Paula, you are good!"

It wasn't just her lips running up and down my entire shaft, the tongue that stimulated every inch of my cock, and the hands that rubbed my balls and stroked my shaft, it was all of it at the same time!

A generous shot of pre-cum warned Paula of my pending climax. As if she'd copied it from Ally informed me, "I want you to cum in my mouth. I love the way you taste!"

That request was all I needed, releasing a massive load into her mouth. Paula moaned in accomplishment sucking until the last drops were drawn from my dick.

"Are you good." I praised as she crawled up into my arms.

"I'm glad you liked it." she smiled before kissing me passionately.

The atmosphere regained its lustful thirst as we kissed rolling around on the bed. Orally stimulating her beautiful breasts she divulged the hidden screamer hidden beneath her quiet persona.

"Suck those tits! Bite my nipples! Finger fuck me!" she announced loud enough for the world to hear. After sucking her nipples erect I quickly moved down to her cunt. My tongue found her clit between her engorged pussy lips. Flicking it aggressively, she cried out like a whore!

"Fuck yes! Eat me! Suck that cunt! Finger it harder."

I did exactly as she asked, fingering and eating like a madman.

"Put a finger in my ass!" she ordered. Once impaled on digits in both her ass and cunt she screamed at the top of her lungs, "Eat me you son of a bitch, eat that cunt!"

I jammed my fingers deep in both her ass and pussy while my tongue excited the shit out of her clit.

"Yes! Yes! Yes! Fuckin eat me!"

The flood gates opened so you could hear the wetness as my fingers pounded her cunt and ass.

"Oh, god, yes, I'm cuming!" she informed. I kept eating as aggressively as humanly possible.

Paula began to shake, twist, and scream as the waves of orgasm ripped through her body. "Oh, fuck was that good!" she said pushing my face off her pulsating cunt.

"I'm glad you like it."

"Oh, your good!" she purred signaling me to come up to receive her embrace of satisfaction. Rubbing those beautiful tits on my chest as we made out she managed to maneuver her hot, wet, cunt onto my erection. Rising up, "Are you ready to be fucked, Big Boy?" she seduced smiling.

"Give me all you've got Bitch." I answered. Placing her hands on my chest she began to ride my dick making long, grinding, strokes.

"Fuck me! Rip my dick off with your cunt."

Paula got a look in her eyes that was frightening. "I'm going to break it off!" she said moving more rapidly. I gave her ass a two handed slap, "Wack!" Paula screamed, "Yes, spank me!" I did exactly as she asked spanking her ass, Red! Trying to rip my dick off with her cunt she rode me for a good fifteen minutes before slowing down. I squeezed her ass cheeks hard helping move her up and down my blue veined throbbler.

"I want you in my ass!" she whispered before kissing me, dismounting, and getting on all fours. Kneeling behind her she grabbed my cock positioning it at the entrance to the best anal sex I'd ever experience.

"Oh yeah!" she gasp as I pushed my dick into her asshole.

"Okay, now start out easy." she instructed. I made long slow strokes from tip to base.

"Yes, just like that." she responded, I continued to slid back and forth in her tight, moving ass.

"Harder now, fuck me harder!" she coaxed. In order to achieve any power thrusting I had to grab onto her hips and pull myself into her hard.

Paula helped her own cause masturbating herself as I fucked her up the ass. I knew the end was near when she began to scream, "Fuck it! Fuck it! Fuck it! Etc."

I used every nerve in my body to hold back, what I knew would be, a massive ejaculation. Paula's screams of "Fuck it! suddenly stopped letting out a one syllable yell, "AHAHAHAHAHAH !!!!!!!Oh, fuck I'm cuming!!!!!! I climaxed with her filling her ass with cum.

Lying together on the bed trying to catch our breath Paula managed to praise, "Oh, Alex, that was so good!"

"You're the one that's so good, thank you."

For several minutes we didn't say a thing. I got dressed, gave Paula a goodnight kiss and let myself out. Walking under the awning I heard a familiar voice, "You've got one hell of a wife, Buddy." Ted said from the darkness where he sat.

"Oh shit, so do you!" I replied with a smile.

"Would you like a hit before you retire?"

"That would be icing on the cake! Thank you."

Handing me the pipe after taking a hit, "Man, can your wife suck a cock! I have had a blowjob like that, other than Paula's, in years."

"I know what you mean about Paula's, we've got two cock sucking wives." I laughed.

Then as if we'd done it before a hundred times Ted changed the subject to tomorrows canoe trip. We planned what we'd take to drink, eat, and munch on, when we'd leave and get back, and who'd make breakfast in the morning. We smoked and talked for an hour before I left for my RV.

Ally was asleep so I just climbed into bed next to her. Morning came awfully early "Rise and shine, the coffee's ready!" Ted's voice called out. As we dressed I asked Ally if she enjoyed the evening with Ted?

"Find out for yourself, I turned the recorder on for you last night."

"Why, aren't you the perfect wife! Thank you, I'll watch it later."

"How did it go with Paula?" she asked as we were about to leave.

"Paula is a great fuck, we had a ball."

One step out of the Fifth Wheel and Ally greeted Ted & Paula with a smile and "Good Morning!"

Following good morning kisses for every one we got down to planning the day as we consumed eggs, bacon, toast and coffee. Everyone had their assignments, after completion we met at the bus that took us to the launch point on The Peace River.

With the wives in the front seats Ted and I paddled from the rear. The Peace River is a fun place to canoe because the river moves at a moderate rate that allows you to drift, just paddling to keep out of trouble.

The first couple of hours we were entertained by the numerous alligators along the shores sunning themselves. At noon we stopped at a long sand bar to have lunch. While eating several other groups pass by waving like long lost friends. Paula and Ally didn't bother to consult us switching canoe's following lunch.

On down the river Paula and I, who had been trailing behind, caught up to Ted and Ally's canoe. Approaching Ted called out, "This is like Blatt's

Beer!.....Fucking close to water." Ally's head popped up from between Ted's legs with a big smile on her face and cum running down over her chin.

We traveled further down stream, following behind Ted's canoe. Learning from observation Paula crawled under the center rail positioning herself so I too could enjoy a Blatt's Beer. Other than the comfort of a bed, Paula gave me another fabulous blowjob.

Pulling into the dock at the end of our four hour tour, Paula yelled to Ted, standing on the gangway, "Alex liked his Blatt's beer too!" All four of us laughed at the inside joke making our way back to the campground.

We did our own thing until the cocktail hour. Tonight it was drinks at our place, our barbeque, and our table a whopping 20ft from theirs! We laughed like old friends through the cocktail hour serving Ally's famous ribs, which she actually cooked in the oven just siring the sauce on the ribs in the barbeque.

After dinner a conversation unfolded involving what activities we'd enjoy exploring. "Let's do something kinky!" Paula expressed with enthusiasm.

"Kinky huh? I know, Alex and I will get stoned watching you and Ally get it on!"

There was a long silence. "You're already stoned." Paula broke the silence with.

"What's the matter? You two don't want to fuck?"

"Ted, it doesn't happen like that with woman, we don't force it. We just let it happen."

"Ally, you can't argue with him, show me your RV." Paula and Ally took their drinks going into the Fifth Wheel. Ted, handed me the pipe. "Sorry, I just wanted to watch them fuck."

"I would have too, but I'd settle for a little pussy later."

"Me too. Pass me the pipe."

As we sat smoking Ally gave Paula the nickel tour of the RV. Going up into the over head master, seeing all the mirrors, Paula seduced, "It must be fun doing it with all these mirrors.

"It is, but I rarely watch myself."

"You should you have a very sexy body."

"I'm too fat."

"Not at all. I think you body's perfect."

"It could be if I had tits like yours."

Paula moved closer to Ally, placed her hand softly on her stomach, slowly sliding upward and over Ally's little tits. "They are absolutely perfect for your frame." Paula said softly squeezing them tenderly as she gave Ally a lustful kiss on the lips.

Hesitating for an instant, the girls stared into each other's eyes, before embracing like lovers. Within a matter of minutes they were naked on the bed exploring each other's body.

Unlike when having a man going down on them there was hardly any verbal exchange. Replacing the usual words of praise were constant moans and groans of erotic enjoyment. Ally's response to Paula's oral application was an immediate explosion. "Wow, you know what your doing!" she gasp continuing to cum in glorious waves of climax. Paula ate Ally until the latter asked her to cease.

Without any verbal exchange Ally switched places with Paula demonstrating the same expertise in making Paula cum as she had received.

While the wives were eating each other into climatic heaven Ted and I smoked way too much, not even missing them. He informed me of four additional couples, friends of theirs, would be arriving mid-week. Their group of ten had been traveling for a year together and as Ted said, they all liked to fuck! He also extended an invitation for Ally and I to join them on their around the country adventure.

"What have you two been up to?" Ted asked as the girls exited the RV together.

"We decided to take your suggestion and enjoy a Blatt's beer!" They smiled, laughing.

"While you two were munching on each other's pussies Alex and I planned our next location. We are going to Henderson State Park just south of St. Augustine. The rest of the group, we call ourselves "The Swappers" Ally, will be here by afternoon tomorrow.

"How many Swappers are there?" Ally asked.

"There are ten members, twelve, counting you two."

"How do you know who's with who?"

"Nothing is set in stone, other than I'm going to fuck Carol. We pair off, do our thing and return to our own RV's. The only rule is the ladies only fuck in their own RV's."

"Or in a canoe!" Ally laughed.

"There are exceptions." Ted laughed with her.

The next hour or so we talked about how their group formed one couple at a time. How each couple had invited their friends to join the group. They were all similar in interests, only couples, and everyone was comfortable with multiple partner sex.

We ended the evening with plans to meet for breakfast returning to our respective RV's. We were so tired that we went right off to sleep. At day light I woke-up thinking about Paula and Ally getting it on last night. In an attempt to wake Ally she shrugged me off informing me if I wanted to see what happened to watch the video! As she slept next to me I watched the erotic activities Paula and Ally shared.

"Holyshit Babe, that was the horniest scene ever! You two really went at it!"

Still a little groggy, "I thought you'd like it, I sure did!"

Ally's reference to enjoying the sex between Paula and herself really made me horny. Jumping between Ally's legs, I ate her and fucked her to climax.

Following our morning quickie we showered and dressed before going outside to see what Ted and Paula were up to.

"Did you hear what these sluts did while we were stoned?" Ted asked as we sat down for morning coffee.

"Not only did I hear, Ally recorded the entire affair!"

"Way to go girl! Can I watch it later?" he asked.

"We'll watch it together, Ted!" Ally smiled.

Ted was the chef of the group, taking pride in his ability to cook almost anything on a grill. We all enjoyed a great breakfast. Afterwards we took a short trip, in our dully, to the local Chamber of Commerce.

"Anything in there of interest?" we asked as Ted read the information.

"Not really, the river is the only attraction in the area that I see. There is mention of tree farms, sugar farming, and antique shopping in downtown Arcadia."

"I know a couple of Swappers will most likely take the canoe trip we did, I don't want to go again, do you?"

"We have enough to do with planning, making the reservations and breaking down the campsite."

Arriving back at the campgrounds we discovered that two of the couples had arrived during our trip to the Chamber. Paula made the effort to introduce us. Immediately I saw why Ted wanted to fuck Carol, she was a knockout! Paula introduced Carol and Bob as their closest RV friends. I couldn't help notice that Bob kept continually close to Paula at all times. Later that day Paula told Ally that Bob loved anal sex, and that she had been the first to give it to him. He was a great oral lover, but he always wanted to end the evening cuming in Paula's ass! Carol, on the other hand was a fabulous person. Like most of the wives she'd fuck anyone in the group male or female. In fact Carol was the first woman Paula had an affair with.

Peter and Penny were the humorous couple of the group, always making everyone laugh. Peter gave Ally a kiss on the hand at introduction and Penny warned her to watch out for his extra-curricular intentions.

By late afternoon all the expected members of the group had arrived and setup camp. Everyone met at Ted's to discuss the future locations during the cocktail hour. There were the prior mentioned Peter and Penny, Bob and Carol, with Allen and Alice, and Dennis and Jeanie joining the group late.

To me it was like a smorgasbord ! Sitting and standing around the site was a multitude of fabulous looking pussy!

Ally was attracted to Dennis who was a handsome looking individual from up-state New York. He'd made his money on Wall Street, giving everything up to go Rving. Jeanie, his wife, was a petite lady. She knew she had a great ass because she showed it off wearing short, short, jeans and a and almost see through, white tank top.

Being a novice, I was amazed as the group pared off during the cocktail hour making new friends with the couple of their choice.

I didn't want to separate from Ted and Paula, but Ally had her eye on Dennis. There was a lot of interaction between everyone standing around the grill. However, when it was time to eat everyone settled into groups of four.

Dennis and Ally were deep in conversation about the stock market, which I knew nothing about and Jeanie cared less about.

"How long have you and Ally been Rving?" she asked.

"This is our first week. We are planning to be Rving for at least three years, maybe five." I replied.

"Other than going back to the City for a couple of months each year, we've been Rving for two years and we love it."

"I can understand, especially with this group."

"There are hundreds of groups like this, I didn't believe it at first, but I think if your going to go Rving, you have to be a swinger."

"Ted told me That Rver's were swappers, not swingers."

"Our group has the ladies in their own RV thing rule, but most don't care whose RV the fuck in."

"What about you?" I asked.

"What about me?"

"Do you care?"

"I'd fuck you anywhere!" she smiled.

"We are going to get a long perfectly!" I said taking her hand and giving it a light kiss.

"If you keep that shit up, I'll fuck you right here! She laughed.

"Would you like to show me your RV then?"

"I'll see you at home." Jeanie said to Dennis as she lead me toward her RV's location.

"Nice hands!" she said as we walked down the pathway.

"Nice ass!" I answered placing one on her cheek.

Under the canopy of her RV we stopped, in front of the entrance and kissed lustfully. When our lips parted "God, I want you!" she purred.

"I want you too!" I replied.

Inside, and up in the master, I notice two walls of fame.

One was filled with pictures of Dennis in compromising positions with at least fifteen different women. On the opposite wall were similar pictures of

Jeanie. I couldn't help notice that each was signed and dated. Noticing my interest in her pictures she began to give me a brief explanation of each.

"You are one sexy lady. I can tell by the body language and smiles on your face that you are having a great time!"

"True, I've had a lot of fun, especially in this room."

"Shall we see if we can top them all tonight?"

Melting into my arms "Oh, Alex, I'm so glad we met." The kiss that followed was erotic to say the least. Our lips never parted undressing and getting onto the bed. I took a moment in the indirect lit room, gently rubbing my hands across her luscious body.

"Your breasts are gorgeous." I seduced bending to lavish them with sucking kisses. Jeanie's body twisted and turned as the waves of pleasure aroused every nerve. She moaned like a woman who wanted to be fucked as my hand and fingers found her moist pussy. As tactfully as possible I positioned myself between her spread legs. Parting her enlarged pussy lips I licked and sucked her from her clit to her tight asshole and back. Gasps of "Oh" and involuntary twitches were her response to the arousal of her cunt. A number of mini-eruptions were the harbinger of a breath taking one using only my lashing tongue as stimulation. Adding a penetrating digit in her pussy increased the intensity two fold. Jeanie flooded in ecstasy when I added another to her asshole resulting in an unforgettable climax!

Slowly I kissed my way up her body as she tried to catch her breath.

"God, I haven't cum like that in years." she said still gasping for breath.

"You have a gorgeous pussy, and you taste like heaven."

"Oh, Alex." she moaned pulling me down kissing me like a lover.

"I knew it! I knew we'd be more than sex partners. Oh, is that good!" OOOooh! She moaned loudly as my cock slipped into her wanting pussy.

"You feel as good as you taste." I said humping slowly.

"Your cock was made for my cunt. Oh, Alex, I love it!"

I increased the thrusts harder and deeper.

"I love it, your so hard! Oh, that's good! Don't ever stop."

"You feel to good! I'm not going to last that long." I warned.

"That's okay, fill my cunt with cum." seducing.

I took a deep breath, rose up with my arms extended, only my toes touched the mattress as I pumped rapidly into her pussy. I warned, "I'm cuming! OOOooh, fuck! I gasp letting a major load fly deep into her pussy.

"Fill it! Fill me with cum! Oh, pump it into me."

I didn't want to stop the unbelievable feeling on my dick. I kept moving until every single bit of energy was used up. Falling to Jeanie's side, she acknowledged, "Wow! Did you fill me ! Oh, hand me the towel, the bed is soaking wet."

While Jeanie and I enjoyed a fantastic erotic encounter, over in my RV Dennis was trying to seduce Ally. Standing at the foot of the bed after an opening passionate kiss Dennis began his seduction. "I've met or seen you somewhere before. I never forget a beautiful, sexy, classy woman. Now let me think."

Ally thought to herself, "Here comes a line of bullshit."

"Massachusetts, Boston, I don't remember the hotel but it was just outside the City, Newton comes to mind. Possibly a Marriot. The function was for investment clients. If I recall you were with a Bob or Robert ? I remember how classy you were shaking hands with either his clients or partners. That smile, I've never forgotten that smile." he said pointing to the occurring grin on her face.

"Your scaring me."

"I'm sorry, but your just as beautiful today as you were that night."

"Did we actually meet?"

"No, unfortunately we were just ships passing in the night."

Taking her into his arms he could feel her desire to be taken. As they kissed Ally released his stiffening dick from confinement. Together they helped each other out of their clothes. Kneeling on the carpeted floor she took his huge member into her mouth. Placing his hands on the back of her head he told her to suck him off !

"Suck it woman, suck it!" he instructed. Ally gave him a blowjob he would talk about for the rest of his life!

Several lustful minutes of super aggressive sucking of his balls, shaft, and cock's head she tasted the first volume of pre-cum. For one second she took her mouth off his dick informing, "You taste fantastic! Fill my mouth with cum!"

Dennis forced her mouth down to the base of his dick. Using her tongue, with her mouth and throat full of cock, she stuck her tongue out caressing his balls!

"Oh, fuck, you're good!" he gasp with her tongue licking his nuts. Ally moaned like the 'Happy Hooker' deep throating him until he ejaculated into her mouth. He climaxed so hard he became weak in the knees, losing his balance falling onto the bed.

"Jesus, you sucked the life out of me!" he praised rising up onto his elbows.

"I love your cock. It's so big and thick, and tastes so good!" she informed crawling up next to Dennis on the bed.

An exchange of appreciation kisses and Dennis, with his energy regained said, "Now, it's my turn to eat you Ally, I'm not going to stop until you beg me too."

Not only did Dennis have a great dick, his tongue was long enough to penetrate her pussy with and he did!! It was non-stop praise and moans of pleasurable climax from Ally as Dennis ate, licked, and fucked her cunt with his tongue. Twenty minutes or so of climatic eating with fingers in her asshole and pussy, Ally erupted in earth shattering climax. Just as Dennis had warned he didn't stop his oral application until she begged him too. Out of breath, all she could do was watch as Dennis ran his hands over her heaving body.

"Your skin is so soft and smooth!" he said. "Relax, you deserve to enjoy the afterglow, cuming like that!"

"Your so wonderful. I truly enjoy being here with you."

"Thank you, but I'm the lucky one. Do you have any idea how many men would die for an evening with you?"

"I'm glad you're here with me and did you make me feel good!" she smiled.

"Feel good? You literally, sucked me off my feet!"

"That was neat." she agreed.

The praising conversation soon switched to making out with Dennis maneuvering himself into position to penetrate her pussy.

"Oh, Dennis, is that good!" she praised as his cock slipped to the depths her pulsating pussy.

"What a cunt!" he gasp feeling the soft walls of her pussy wrap around his buried shaft.

"Fuck me! Oh is that good!" she said as he began to hump in earnest.

In public Dennis didn't look as if he had a muscular body, but naked he was in great shape demonstrating it by fucking Ally long and hard! She encouraged him by welcoming every violent thrust with a "Yes!" or a "Harder!" He nailed her relentlessly always praising the erotic, lustful, sensations.

"Fuck, is that good! I love your tight pussy!"

"Oh, Dennis. Yes! Yes! Oh god, yes!"

Dennis ejaculated so hard she felt it splash against the friction inflamed walls of her cunt. Even if Dennis hadn't bellowed like a wounded animal, she knew he'd pumped gallons of cum into her.

The vast volume of cum quenched the thrusting produced friction allowing her to be released from a glorious non-stop orgasm to enjoy Dennis's ending sensual grinding humps.

Collapsing, relishing in the satisfying feelings of a fabulous cum, Ally broke the heavy breathing silence,

"God, am I going to be sore tomorrow."

"A good sore though."

"A great sore! Thanks to you."

While dressing Dennis informed, "Tomorrow maybe the first time in decades that I don't want to get laid. God Ally, did you satisfy me!"

"Me too!" she smile sliding under the bed sheets.

"Sweet dreams." he said turning off the lights.

"My dream just came true! Good night."

Walking back to my RV Dennis and I met halfway in between.

"You lucky bastard." he said.

"Ditto!" I replied. Returning to our respective RV's with a smiles on our faces.
