

## Large woman

With my recent affair with the old woman next door, I found myself wanting more sex. But I was wanting to try something new. I started looking at porn sites on the internet and found large women very sexy. So I will get the details.

I started flirting with a co-worker about 3 weeks ago working up to making a move. One Friday night around 5:00 pm the office had cleared out. I had been looking down towards Karen's desk, yes she was still there. I waited another 15 mins and walked around to see if there was anyone left. After making my round to make sure all was clear I went by to make my move. I have become a lot more bold than 5 months ago and I knew that Karen had been sending me signs for the last 2 weeks that she wanted me.

I walked up to her desk and said Karen it looks like we are the last one here, I have been waiting for 2 weeks to get you alone. She turned around in her chair and looked at me. Karen was at least 300 lbs and her tits were massive, she had the biggest ass, large legs and arms, she would make 3 of me easy. We both just looked at each other up and down.

I broke the silence and said, you know what I am here for don't you. Karen, took a deep breath and said, well I think I do, but please tell me so I know I didn't imagine everything the last 2 weeks. Karen I am looking for no string sex. I also have to tell you that I have been wanting to have sex with a large woman to see what it would be like. Karen just looked at the floor, I was thinking oh shit I have hurt her feelings and this is done.

I took 2 steps forward bent down and kissed Karen on the lips. She looked up and said "I can't believe you kissed me". Karen tell me to go and I will, she looked puzzled so I locked lips with her again and our tongues slipped into each other's mouth. WOW, what a surprise, she was an excellent kisser.

We kissed for a couple of minutes when she pulled away. She asked me if this was going to be a one time thing. I told her we have to agree that either of us could make that call. She told me she didn't want to get hurt. I told her I wasn't relationship unless it could be a secret affair as I wouldn't leave my family.

At this point I was so horny, I went down on my knees and told her I want your pussy so bad I can't stand it. She shocked me when she spoke up and said, please tell me how bad you want me. Karen I spoke, right now my dick is the hardest I think its ever been, all I can think about right now is getting my tongue in your hot wet fat pussy, after that I am hoping that my dick might find it was to your huge tits, but not before I make you cum with my tongue so many times that you are begging me to fuck you.

Karen stood up with me helping her out of her chair, she had on a pair of large sweatpants. I pulled them down, stopping to pull her socks and shoes off. As I pulled her pants off I couldn't believe how soft and smooth her legs were. I started kissing her knee and inner thighs, she leaned against the desk, as I worked my way up there was so much fat I couldn't even get to her pussy.

My tongue was on fire to taste that fat pussy, I said "Karen please tell me a position that I can get you in to suck on your clit right now. She said she would need help getting to the floor, and wanted the rest of her clothes off. I stood up and helped her unbutton her shirt and remove it. Her tits were even bigger than I thought. I reached around and unhooked her bra, exposing the biggest tits I have ever seen, her nipples were hard and sticking out at least 1 inch. I stopped and sucked on one of them, she was moaning now, and was begging me to lick her cunt.

With delay I help her down on the floor on her back, I spread her big legs apart. The fat was hanging down from her belly covering her pussy almost. I dove down and started pushing flab around to expose her cunt, which was thick with hair. I have to admit I was a little turned off at first, but lucky for me I was thinking with my dick at this point. I dove in and found that she was soaking wet.

I wasted no time and grabbed her clit and started sucking and licking with all my might. Karen was moaning and groaning like an animal. She grabbed my head and started making a fucking motion with me head. She had so much mass I don't think I could have stopped her from moving my head. I buried my tongue into her cunt and she fucked her cunt with my tongue in and out. It took only a few seconds until she yelled oh fucking yes, make Karen's fat pussy cum. Mind you this was such a turn on, as before tonight I had never heard Karen say anything out of line before. I grabbed her clit with my teeth and gave it a little nipple. Now she was thrashing about, screaming for me to tongue fuck her fat pussy more.

I was in a fucking frenzy with my tongue, she was chanting eat my fat pussy, eat my fat pussy, eat my fat pussy, followed by oh fucking yes I'm cumming again. We repeated this until Karen had cum 4 times. Now my dick was so damn hard I couldn't take it.

Karen wanted to suck my dick, but I wanted in that fat pussy know. I told her to stand up and lay across the desk on her back. Karen laid carefully

back on the desk her legs bent at the knees and spread out as wide as she could. I stepped up closer and shoved my hard 5 1/2 inch cock into Karen. Karen let out a moan and said "oh my, I have waited for a hard cock for so long". I stopped with my cock buried all the way. Karen I asked how long has it been since you had a hard cock. She told me she had never been with a man, just her dildo.

Karen, you should have told me, I said. I don't want your first time to be on a desk. She told me to start fucking her fat pussy now, as she might never get it again. My cock was so hard I couldn't stop anyway, I starting fucking her fat pussy, and to my surprise it was so tight. She told me to talk dirty to her, that she thought she might like that. So I starting telling her how much my hard cock like her fat tight pussy. Oh, yes Karen my cock and tounge love your fat tight pussy. I am going to fuck you every week, and wear this pussy out over the next few year. Karen was demanding that I fuck her harder. I was slamming into that fat tight dripping wet pussy. My dick was making a suction sound as I slammed in and out of that tight pussy.

Karen was telling me that she loved me and would be my love slave forever, You can fuck me how ever you want. I am yours to fuck whenever you want, cum all over me with that pretty cock of yours. I want you to cum in my mouth down my throat. Karren nipples were hard and begging to be sucked but I was fucking her pussy with all my might.

Karren yelled out, i am fucking cumming again you wild man, ride my fat pussy, ride it. My balls were swollen with pleasure and I knew I was about to blow the load of my life. I was groaning to Karen, I am about to blow so much cum into your fat pussy. She started chanting shoot your hot load up my fat pussy, over and over again. As I blew the biggest load of my life, Karen let out a scream like you wouldn't believe. I dick just kept pumping out loads of cum. I feel upon her fat belly spent from all that fucking.

Karen told me to step around the desk so she could suck the cum off my cock. I stood up and pulled my cock, with my cum dripping all over her desk and pussy. I went around and stuck my cock up by her mouth, Karen wasted no time in sucking and licking every last drop off my cock. I started playing with her hard nipples while she worked on my dick.

I ask her if she meant what she said about being my fuck slave. She told me you can fuck me when and where you want anytime. I told her get that dick hard bitch and I going to fuck your sexy feet next. Karen did as I commanded and sucked my dick back to life. Look for part 2 of this story to hear about how I fuck her feet, tits, and ass that same night. WOW, I think I am in love with the woman, she is the best fuck ever and knows how to please a man.
