

Ugly big woman

Once I started having sex outside my marriage, I became attracted to colors and shapes. I would consider myself just a little above average, built like a runner and very fit. I have taken weeks of flirting with good looking women only to come up with nothing. Once I found this untapped mine of women in the world just wanting sex and very willing to please. I will never waste my time on a good looking woman again.

This begins yet another adventure, I was at my local insurance agent paying my auto insurance when I met Kay. She was in her late 40's and weighed in at least 225, about 5' 9" tall, long black hair and huge tits. Kay was not even average looking and I don't want to be unkind by saying ugly but I don't know how else to describe her. Now the minute I seen her I begin thinking of how great it would be to eat her pussy and suck those big tits.

After paying my bill I looked around to see if there were any other people around. When I seen no one else I started making small talk. Kay I ask, "are you married", she responded no never have been. Are you seeing anyone I ask. She smiled and said no I am not. "What time do you get off work Kay" I ask. She said why what do you have in mind. Well I would rather tell you tonight when I pick you up. "I would like to know now if you are joking or not".

Kay I am serious, I find you attractive and would love to have sex with you. She said well the office closes in 15 mins. "Can we go to your place then" I ask. Well I live with my elderly mother she stated. Does she mind if you have company over I ask. She stated I have never had any company over before.

We made small talk for the next ten minutes and she went and locked the front door and said her car was parked out back. I followed her towards the back when went through a small breakroom she stopped. Why would you find a ugly woman like myself sexy, she ask.

I stopped turned to her and leaned in and kissed Kay on the lips. I thought she was going to faint. After about 5 seconds of staring into each other eyes, she leaned in wanting another kiss. I met her lips and started a long passionate kiss, with our tounge exploring each others mouth. I pushed her back against the wall and started rubbing her tits through her dress. Kay was moaning slightly as I played with her tits. I started kissing her neck and as I whispered in her ear, Kay I want to taste your pussy now.

I didn't get a response, so I pulled my head from her neck and looked at Kay's face, she had this look of utter pleasure on her face. I kiss her again and started pulling her dress up with my hand. Kay had on what felt like a slip and maybe hose on too, as I rubbed her pussy. Kay was soaking wet now, as I ask Kay I got to have your pussy now. Please tell me you want that Kay. Kay spoke up and said "Oh my please do it" I went down on my knees and starting pulling her dress up and slip down. I got her to help me get everything past her big huge hips and ass.

I stood up and turned her against the wall and unzipped her dress and let it drop. I unhooked her bra while I was there to see the whole package. I turned kay back around and eye her up and down. Her tits were massive, though her nipples looked quite small, her ass and hips were so wide. As I was looking she ask "well do you still want me now that you have seen all this fat". With that said I dove down to my knees and found my way to her soaking wet pussy. Kay spread her legs some to gve me some help. She had very little hair, so I go right to work on her clit with my tounge. She was moving around so much I pulled her down to the floor. I ate her pussy for the next 20 minutes, as she groaned oh my god over and over. I did stop long enough to tell her, Kay it really turns me on when I woman tell me what she is feeling. She begged me to lick her pussy some more. Tell me how much you want it. Oh god, please eat my pussy some more, please lick my clit, oh please I want to cum again.

I wanted to her scream as she cums, so I begin fucking her with my tounge like a wild man. I was lick sucking and moving my tounge all around the pussy. When I felt she was close I burried by tounge deep and started thrusting it in and out. Kay grabbed my hair and was screaming oh yes fuck my cunt, fuck my cunt with your tounge, fuck it hard now, don't stop I cumming, oh yes fuck it, fuck it. Kay warm juices rushed all around my face.

I got up and told Kay my dick needs some releif now. She went right for my pants and unzipped it, and pulled down pants and underwear to expose my rock hard 5 1/2 inches. She said I have only sucked a couple of dick so tell me what you want. Just get started I will tell what feels good. She took grabbed the shaft every so careful and started licking the head of my dick, tasting the pre-cum that had build up on the end. She started stroking the shaft as she sucked the head. I was checking out her tits as she looked up at me.

Oh you like this big tits do you, oh yes I said "I do find your small nipples on those big titties odd" Well why don't you fuck my tities if you want. She laid back on the floor and I tried to straddle her waist and line my dick up with her tits. I got in place and she press her huge tits togher for me. I shoved it inbetween and slowly thrust my dick back and forth. I was good and hard and very excited to be fucking this big ugly woman. I stopped and told Kay, I want inside your pussy so damn bad. I slid down her belly and lifted her legs apart.

With her legs bent at the knees and spread as wide as she could, I slid my hard cock in for the first time. Her pussy was so wet it slid in all the way. Her pussy was not real tight but very good. Kay groaned as I pumped it again. Oh my, fuck me good she cried. I laid down on her belly and found her nipple and started sucking it while I was fucking her slow and good. Kay hands were all over my body, which I found exciting, she found a way to get a hand down to and play with my balls. A chill went down my spine when she lightly stratched my balls with her long finer nails, "Oh fuck yes I yelled as she did that again". Oh I have found your weakness now she said. She teased me with her finger nails all over my body where ever she could reach.

After about 10 minutes of slow fucking and Kay cuming another 2 times, my load was building I told her. I got on my knees lifted one of her legs up over my should and at a slight angle started fucking her great pussy. With ever slam she was moaning and groaning for more. I did slow down long enough to check out what Kay's foot looked like. She had the biggest feet on a woman I have ever seen. I sucked her toes a little to see what her response was, when she let a cry, oh suck my toes wild man, suck those toes. My dick couldn't take much longer, I hugged her leg with both arms and started to give her pussy the fucking of its life. 1 minute later I was pumping loads of cum into Kay's fat wet pussy. I fell upon her tits and we laid there on the floor for at least 10 minutes.

We looked at the clock and it was nearly 5:00 pm now. Kay "i have got to fuck your feet next" I told her. She said "that sounds so damn kinky" she said. You let me fuck your feet next, I will do whatever you want after that. "Will you fuck my doggy style after that", with pleasure I added.

I sat Kay in a chair and started rubbing those big huge feet. (see part 2)
