

## Her Assistant

My wife's 32 year old assistant, Carrie, was under a lot of stress at home. Kim, my wife, invited her to our summer home for the long weekend holiday. We picked Carrie up at her apartment after work on Thursday and drove the two hours to our home. After snacks and cocktails we agreed to go to bed early.

In bed Kim pulled my cock out and began to play with it. Soon she was sucking it making loud slurping sounds - I said we should be quiet because Carrie would hear us. This really turned Kim on. She mounted me on top and began to move her hips back and forth. I could feel her pussy lips grasp my cock. Kim came quick moaning very loud making me come.

The next day Kim and Carrie were talking about living in a summer home and the relaxation it provided. Kim asked Carrie if we disturbed her last night. Carrie admitted that it really made her horny. The rest of the day we played in the sun, swimming in the lake and a lot of touching. We got ready to go out to dinner, the girls trying on different dresses. When I saw them they were glowing...the skimpy dresses made my cock swell. At dinner I couldn't take my eyes off them. Returning home we got a bottle of champagne and took the boat out. The girls got really giddy and it being so hot, the girls helped each other strip down to their bras and thongs. Kim unbuckled my pants showing my bulge. Kim gave Carrie strict instructions - you can feel his cock, but that's all. Feel she did, pulling it out of my briefs. Kim immediately stepped in and stopped that action. She wanted Carrie's breasts in her mouth. WOW - I never knew that Kim wanted another woman, and that's what she got. Between navigating the boat at dusk and watching Kim and Carrie I was glad that I got off last night. Kim asked that I anchor the boat in the cove which I did. She gave me head while Carrie played with her pussy. Kim asked me to do her but not to come, which I did. When she climaxed and relaxed Carrie and I got the surprise of our lives...Kim said, here, put this condom on. I was puzzled. She asked Carrie, how do you want it? But Kim, you said I could only feel his cock. Kim replied, that's right 'cause the condom is what you'll feel. I was given instructions not to come in Carrie.

Back home, we all got a buzz on and fell asleep in our bed. When we awoke, it was a new day and a new beginning...things happened but that's another story.
